

DISCUSS TRAVEL AWARD (left to right), first row: Jeanine Peters, Magdalena Ortega and Beverly Guildenph; second row: Grant Geuther, the Rev. James Parker and Stan Warning. Miss Peters and Miss Guildenph are recipients of the Lions Youth Exchange program. Miss Ortega is the AFS Exchange student at Lincoln-Way this year. Her home is Santiago, Chile. (Lincoln-Way photo)

Lions To Send Two L-W Girls Abroad For Summer

Beverly Guildenph and Jeanine Peters, students at Lincoln-Way High School, have been named recipients of the Lions Club Youth Exchange summer travel awards. The girls will spend the summer in Sweden and on their trip home will stop in Paris and London.

Now in its second year, the Lions International Youth Exchange movement was awarded the Freedoms Foundation award for commendation of patriotic service. The program is truly international, being a "two way" exchange between young people in all lands.

The Lions club of Lincoln-Way is composed of members from Frankfort, Manhattan, Mokena and New Lenox. Members of the Lions of Lincoln-Way committee represented on the Lions Youth Exchange Program are E.T. Cochran, Manhattan; Berle Needham, Mokena; Frank Goetschel, New Lenox; Reverend James Parker and Stan Warning, Frankfort. Reverend Parker is serving

TINLEY PARK state hospital superintendent, Dr. John L. Cutler, M.D., Mrs. Stephanie Majher, Mokena and Mrs. Marion Pokorny, New Lenox, inspect one of the models of Tinley Park state hospital's new buildings which will be on display at the open house Sunday (April 28). Mrs. Majher is a food service supervisor who helped plan and prepare refreshments for open house visitors. Mrs. Pokorny, social service secretary, is chairman of the committee to provide a nursery for children of visitors during the tours.

Tinley State Hospital Has Open House Sunday

Scale models of four of the new buildings to be built in Tinley Park's state hospital's ten million dollar expansion program will be on display at the hospital's open house next Sunday, April 28. Tours will be conducted from 1 to 4 p.m. A nursery is provided for children. The hospital is located at 183rd street, just west of Harlem avenue on the south edge of Tinley Park.

Tours will be conducted through four of the hospital's eight wards and such facilities as the clinical laboratory, central surgical supply, pharmacy, dietary, and x-ray. Hospital volunteers will act as tour guides and employees of the hospital's professional staff will speak to the visitors at each stop of the tour. Tours begin continuously and each lasts approximately 45 minutes.

Open house visitors will see the hospital as it is in operation on a typical week day. Occupational therapy classes and a recreation session will be going on in the wards. The

tours will end in a display area where light refreshments will be served.

Several departments of the hospital, including nursing and psychology departments, will present displays. Also on display will be models of four of the new buildings (administration building, intensive treatment building, activities building, and general and mechanical store). Blueprints of other new buildings will be shown.

Tinley Park state hospital at present has 500 patients. The proposed buildings will cause the hospital to more than double in size.

Following the open house, a ceremony will be held honoring the employee of the year, Susumu Higa, bacteriologist; and long term service employees, Mr. and Mrs. Glendon Taylor, Mrs. Beryl Dougherty, Miss Anna Lee Lyskawa, Floyd Lovell, Mrs. Anna Bramlet, Mrs. Anna Lee Hill, and Mr. and Mrs. Dale Edwards, all of Tinley Park.

TURN CLOCKS UP SUNDAY

Daylight Savings Time officially begins next Sunday at 2 a.m., at which time clocks in this time belt will be set ahead one hour.

Most residents are expected to move their clocks ahead Saturday night when they retire, long before the 2 a.m. Sunday change.

The railroads, which continue on Central Standard Time, will gear their schedules to comply with the Daylight Savings Time to accommodate commuters.

The extra hour will give persons an extra hour of daylight to turn to such enjoyable pastimes as outdoor cooking, golfing, fishing and working in yards.

Fire Destroys 2-Story House In Orland Twp.

A two-story frame house at 150th st. and 94th ave., was practically destroyed by fire last Sunday night. The house is owned by Henry Rafacz. The damage, according to the report by Orland Park firemen was estimated at \$10,000.

The first alarm came in at 11:37. Flames had gained considerable headway before firemen could arrive but they soon got them under control.

At 3 o'clock firemen were called back to the place, the fire having started up again. The origin was listed as undetermined.

MISSIONARY to speak at Park View Baptist church, Sunday, April 28, at 11 a.m. and again at 7 p.m. when the evening service is held. She is Miss Irene Fuqua, a missionary to France under the Greater Europe Mission. She serves in the European Bible Institute near Lamorlaye and will return to her ministry there before summer. Miss Fuqua is a graduate of the Moody Bible Institute and Wheaton college. She has been in France five years, teaching Christian education at the European Bible Institute as well as working in the institute's camp program for children. The public is invited to the services at Mokena Sunday.

LICENSE SUSPENDED
The Illinois secretary of state's office has suspended the driver's license of Barbara Williams, Rt. 1, Mokena. She was charged with three moving violations of the traffic laws.

Lincoln-Way Board Elects Klasing President

C. L. Klasing, of New Lenox, owner and operator of the Klasing Hand Brake Co., Joliet, is the new president of the Lincoln-Way high school board.

He was elected at the organizational meeting of the board last week. He succeeds A. H. Krusemark who had served as board president since the Lincoln-Way district was formed 12 years ago.

Mr. Krusemark's fourth term on the board expired this month. He was not a candidate for reelection.

Lester Case, Manhattan, was re-elected vice president, and Elias Brown, Mokena, was re-elected secretary.

Seated at this meeting were Wendell Morrison, Frankfort, a new member, and Lorin Schleiter, who was re-elected for another term.

A resolution was adopted by the board expressing its appreciation of the services performed by Krusemark. The resolution follows:

"Whereas, A. H. Krusemark, until recently a member of the Board of Education of Lincoln-Way community high school, District #210, and

"Whereas, he has served faithfully and well as a member of the board, and

"Whereas, he has given unstintingly of his time, effort, and energy toward the improvement

of the program of activities in our high school, and

"Whereas, he unfalteringly gave voice to his convictions as he thought they best served the interests of the school he represented, and

"Whereas, the spirit of friendship and cooperation which characterized him as a member of the board will be greatly missed;

"Therefore, be it resolved that the board of education takes this means of expressing to Mr. Krusemark its deepest appreciation for his services to the high school and extends to him its sincere best wishes for continued success and happiness."

The newly organized board then re-adopted its education policies and retained the past schedule for board meetings. These meetings are held the second and fourth Thursday nights of each month at the high school and the public is welcome.

Semi-annual interest due on the original \$1,200,000 bond issue in the sum of \$9,247 was allowed by the board as well as a payment of \$2,017.45 for the working cash fund. To meet these payments a \$10,000 bond warrant was substituted for an educational bond warrant. In the original resolution passed recently the board was authorized to sell \$50,000 of tax an-

tipication warrants for the educational fund. It now appears that the \$30,000 issued in tax warrants for the educational fund will be sufficient to meet payrolls and expenses provided the district gets the usual early distribution of tax money from the town collectors. So \$10,000 can be used to meet the interest payments.

Because school districts begin their fiscal year July 1, it was explained, many of them are required to borrow money through the sale of tax anticipation warrants sometime during the spring. The new tax money does not begin to come in until May as a rule.

School Board Outlines Plan For Willowcrest Addition

The Mokena school board is recommending that an addition be made to Willowcrest school now to be ready for the rapid increase in enrollment which is expected in the district.

The estimated maximum cost of the addition, including architect and legal fees, of \$190,000 or less. The bond referendum is set for May 11.

The board proposes that five classrooms be built. One room is to be temporarily partitioned into a library, speech correction and faculty rooms. This space, it was pointed out, can be changed into classroom space on short notice.

One room will be used for educable mentally handicapped children.

The classroom wing is designed so that future expansion can be provided without extensive changes.

The plan also calls for additional boys and girls restrooms. The present restrooms do not meet state minimum requirements per pupil, it was stated.

The plans also include an office area—a reception office, educational supply storage, superintendent's office and health service room.

A multi-purpose room is planned. It was pointed out that the present gymnasium at Carpenter Street school was adequate when built and for almost 25 years it served no more than 140 pupils. Today, with the school population three times as large, the same gym is the only multi-purpose area.

The proposed multi-purpose room would be used for a complete physical education and fitness program. It would serve as a lunch room area for pupils who bring their lunch and a large number do so. Later a hot lunch program is planned.

The room would also be used for all school assemblies and athletic events, and would be utilized as a recreation area in inclement weather. A stage area is planned for special programs and as a permanent area for instrumental and vocal music.

Watson Healy, of the architectural firm of Kruegel, Healy and Moore, and the board, point out that by having the multi-purpose at the front and to the right (north), as shown in the drawing, it would be equidistant to the classroom wings and keep all other directions free for further expansion.

Having the room at the front will also reduce heating costs, it was said, and will conserve playground space. Having the multi-purpose in front will also make it easily accessible to the public for special occasions without disturbing classroom area.

The present parking lot and a new proposed parking lot will be adjacent and contiguous to the multi-purpose room and thus make loading and unloading of pupils from buses and cars easier, especially in bad weather.

The office area is planned for the front of the building as a convenience for parents and visitors.

The classroom wing will be attached to the present building

by the extension of a corridor thru the present office area. This construction is as outlined in a master plan a few years ago. This wing will divide the primary playground area from the upper grade playground. This wing will be built with future expansion in mind. Heating changes necessary for this addition will be sufficient to heat four more future classrooms.

Sound construction at the low-

est possible cost is the goal. The proposed addition will be completely functional and fire-resistant. The estimated cost will be \$12.50 per square foot which is comparable to the original costs.

The increase in building bond tax rates is estimated at about 12 1/2 cents per \$100 of assessed value. If your assessed valuation is \$6,000, you will pay additional real estate taxes of approximately \$7.50 per year or about 15 cents a week.

Mokena Girl Nears Top In D.A.R. Essay Contest

Roberta Lang, seventh grade pupil at Carpenter Street school, Mokena, moved a step closer to national honors in the annual essay contest sponsored by the Daughters of the American Revolution.

Mrs. Leo J. Marcoux, of Mokena, historian of DesPlaines Valley chapter of the D.A.R., received word this week from Mrs. Harry A. Shaw, of Sterling, D.A.R. historian for Illinois, that Roberta's entry which won local and state honors has won first prize in the North Central district for seventh graders.

This makes Roberta one of seven district winners in the nation and the national winners will be chosen from among them. She is competing against seventh grade pupils. Eighth grade

pupils are in a classification of their own.

The North Central district is made up of seven states, Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota and Wisconsin.

Mrs. Stephen Broadwolf, of Minnesota, national vice president, of the D.A.R., has informed Mrs. Marcoux that she is sending congratulations to Roberta, along with a plaque for winning the district title.

Roberta's essay, "From The Trail of the Savage," deals with the history of road building and transportation in Illinois from the time of the early explorers to the present.

In each of the stages it has reached the essay has won high praise from the judges.

U.S. SEN. PAUL DOUGLAS

Sen. Douglas Speaks At Post Office Dedication

Frankfort's new post office, which gives both employees and customers more room and conveniences than any they have had before, was dedicated last Thursday night with appropriate ceremonies.

The dedication program was conducted in the grade school gymnasium. Afterwards those present, augmented later by others, made a tour of the post office. Refreshments were served there.

The program was sponsored by the Frankfort Lions club. It began at 5:30 in the afternoon when a group of citizens and friends of the postmaster, LeRoy Mager, had dinner at the Arch Inn.

The program at the school began at 7:30 with an invocation by the Rev. LaVern Smith, pastor of St. Peter's United Church of Christ. The Rev. James Parker, pastor of the Frankfort Methodist church acted as master of ceremonies.

Dr. George Morgan, president of the Lions club was introduced by Postmaster Mager. Mayor George Sangmeister spoke briefly and postmasters present were introduced by Leo Kelly, postmaster at Plainfield

and president of the Will County Postmasters Association. All of the postmasters in the county turned out for the Frankfort dedication. K. J. Walter Lowrey retired Joliet postmaster, was to have introduced his former colleagues but was ill with flu and unable to attend.

Donald L. Swanson, regional director of postal service, spoke and Peter Burns, accompanied by Mrs. A.H. Krusemark on the piano, sang the "Star Spangled Banner."

U.S. Senator Paul Douglas, the principal speaker at the ceremonies, presented Postmaster Mager with a new 50-star American flag to fly over the new post office.

There has been a post office at what is now Frankfort since Feb. 1, 1838. At that time the settlement was called Chelsea and Levi M. Claynes was postmaster. From April 29, 1868 until June 12, 1905, Frankfort was carried on the post office records as Frankfort Station. It was in 1905 that it became just plain Frankfort.

The program closed with a benediction by the Rev. Cecil Koop, O.F.M., pastor of St. Anthony church at Lincoln Estates.

Tickets For Donkey Ball Game Are Now Available

Final preparations have been made for the second annual donkey basketball game to be staged Tuesday, April 30 at 8 p.m. in the Lincoln-Way high school gymnasium.

The affair, which is being sponsored by the Band Boosters of the school, promises to be one of the most entertaining sporting events of the season.

Don Wennlund of New Lenox, will serve as master of ceremonies for the evening and will introduce events including hobby donkey derby, trick donkey acts, stunt acts and others.

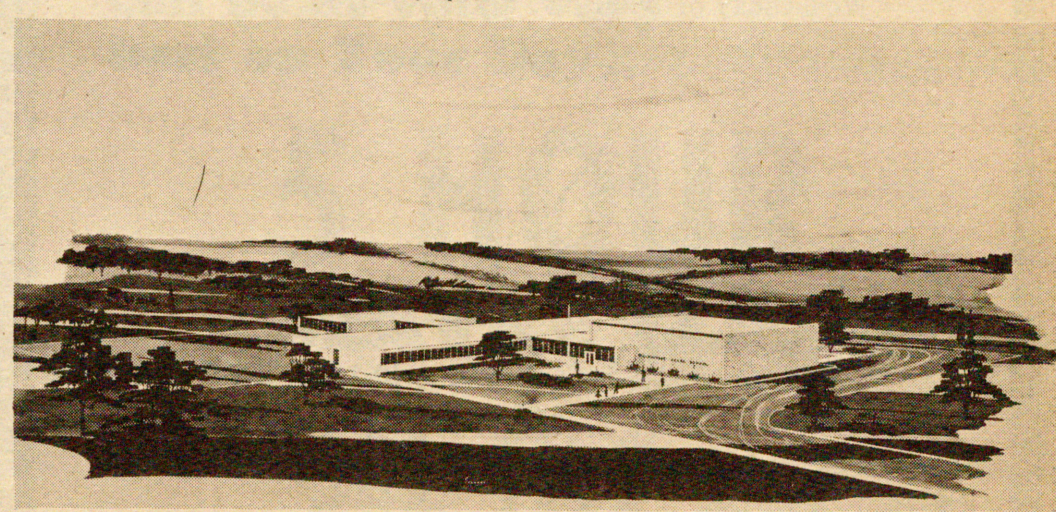

Games to be played by local persons will include Manhattan businessmen and fire department vs New Lenox businessmen and Lions club. A game will also be played between the businessmen of Frankfort and Mokena. Members of the faculty versus senior boys will add to the gaiety.

Refreshments will be available during intermission as well as thruout the evening.

As last year's performance was a sell out with standing room only, it was suggested by those in charge to obtain tickets early from Band Booster members of the four communities, as a limited number will be sold at the door. The price of the tickets are \$1 for adults and 75 cents for school children.

DISPLAY PAPERS

Members of the Journalism class at Lincoln-Way high school prepared a special display of international, national, state and local newspapers as well as interesting brochures dealing with the field of journalism. This special display is in conjunction with National High School Journalism Week, April 21-27.

PROPOSED ADDITION to Willowcrest grade school at Mokena is shown here in the drawing of the architectural firm of Kruegel, Healy & Moore, of Joliet. The long center section is the present building. The proposed addition are the two buildings on either side of the present plant.

ORDINANCE #455
AN ORDINANCE PROVIDING FOR THE RE-CONSTRUCTION OF SIDEWALKS ON FRONT STREET AND PROVIDING FOR A SPECIAL TAX FOR PAYMENT OF THE COST OF THE RE-CONSTRUCTION THEREOF, AS PROVIDED IN ARTICLE 11, DIVISION 84, CHAPTER 24 OF THE ILLINOIS MUNICIPAL CODE OF THE ILLINOIS REVISED STATUTES, 1961.

WHEREAS, it is deemed advisable necessary and for the best interests of the Village of Mokena, Will County, Illinois, in order to promote, protect and safeguard the public safety of the inhabitants of said Village that sidewalks be re-constructed on Lots 2, 3 and 4 in Block 1, Lots 1, 2, 3, and 4 in Block 2, Lots 1, 2, 3, and 4 of Block 3, Lots 7, 8, 9, 10, 11 and 12 in Block 4, and Lots 1 and 3, and Lot 2 (except the East 100 feet of the West 125 feet thereof) in Block 5 in the Original Town of Mokena in Section 8, Township 35 North, Range 12 East of the

Third Principal Meridian, in Will County, Illinois, and
WHEREAS, Article 11, Division 84, Chapter 24, designated Illinois Municipal Code and the Illinois Revised Statutes, 1961, provides for the re-construction and payment therefor of said sidewalks by special taxation of adjoining property; NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF THE VILLAGE OF MOKENA, WILL COUNTY, ILLINOIS, AS FOLLOWS:

SECTION 1. That sidewalks be re-constructed on Lots 2, 3 and 4 in Block 1, Lots 1, 2, 3, and 4 in Block 2, Lots 1, 2, 3, and 4 of Block 3, Lots 7, 8, 9, 10, 11 and 12 in Block 4, and Lots 1 and 3, and Lot 2 (except the East 100 feet of the West 125 feet thereof) in Block 5 in the Original Town of Mokena in Section 8, Township 35 North, Range 12 East of the

by reference, the same as if set out in full herein.

SECTION 2. That the whole cost of said sidewalks shall be levied upon the lots or parcels of land touching upon the line of said sidewalks to be re-constructed in proportion to their frontage upon such sidewalks.

SECTION 3. The proposed sidewalks shall be as follows:
Width - Four feet (4')
Thickness - Five inches (5")

The side of the sidewalk adjacent to the street line of the private property shall be placed twelve inches (12") distance therefrom and parallel to said street line as measured toward the centerline of the street.

SECTION 4. The grade of said sidewalks has been determined and is set forth by Mulford Engineering Service in the plans and specifications for said proposed sidewalks, and shall conform to said grade as determined therein, said plans and specifications being made a part hereof.

SECTION 5. That materials for said proposed sidewalks shall meet the following requirements:

Composition of concrete -- Portland cement concrete shall have air-entrainment of not less than four (4%) percent nor more than six (6%) percent of the volume of the concrete.

Fine Aggregate: The fine aggregate shall consist of clean, hard, durable uncoated particles of sand of the grade known as No. 2 Torpedo or stone, free from all organic material. Not more than five per cent (5%) shall be retained on a quarter (1/4) inch screen and not more than five per cent (5%) shall pass a 100 mesh screen. It shall be well graded from coarse to fine, and shall not contain more than three per cent (3%), by weight, of clay or loam, none of which shall be in lumps.

Coarse Aggregate: Coarse aggregate may be broken stone or gravel. The broken stone or gravel shall be clean, hard, durable, uncoated rock. It shall contain no vegetable, organic or other deleterious matter, and shall be free from soft, thin, elongated, or laminated pieces. Ninety-five per cent (95%) of the coarse aggregate shall be

retained on a quarter (1/4) inch screen with all intermediate sizes retained.

Water: Water shall be clean and free from alkali, oils or acid.

Joint Filler: Joint filler shall be premoled strips of asphalt or pitch and fibre or mineral aggregate passing an 80 mesh screen, three quarters (3/4") inches thick, as wide as the thickness of the concrete slabs and as long as the width of the walks. It shall have such a consistency that it will not run in summer or chip in winter.

Forms: Forms shall be of lumber two inches (2") thick or of steel of equal strength, except on curves, where flexible strips may be used. They shall be held rigidly in place by stakes or braces with top edges at true line and grade. Ends of adjoining forms shall be flush. Forms shall be set to give the walk a slope toward the curb of one-quarter inch (1/4") per foot of width.

Subgrade: That portion of the ground surface directly beneath the sidewalk slab shall be called the subgrade. All soft and spongy material in the subgrade shall be removed. Fills shall be compacted in layers not exceeding six inches in thickness. Spots previously compacted by traffic shall be loosened to a depth of six inches (6"). The whole subgrade shall be thoroughly and uniformly compacted to a firm surface having as nearly as possible a uniform bearing power. A template, resting upon the side forms and having its lower edge at the exact elevation of the subgrade, shall be drawn along the forms before any concrete is laid. Any high places in the subgrade shall be removed so that the template will pass over without being raised off the side forms or being tipped at an angle to the sidewalk surface. The subgrade shall be damp, but not muddy, when concrete is placed on it. All surplus earth or other materials shall be removed and taken to a place designated by the Engineer.

Thickness and Proportions: The sidewalk shall consist of a single five inch (5") course of concrete. The minimum cement content shall be not less than (6) six sacks per cubic yard of concrete. Maximum water content, including water contained in aggregate, shall not be more than six (6) gallons of water per cubic foot of cement. Mixing: It is anticipated that concrete will be furnished from a "Ready-Mix" plant. Said plant shall be approved by the Engineer prior to obtaining concrete. Concrete transported in trucks shall be delivered to the site in a plastic and workable condition, satisfactory for placement in the work without the addition of water. Delivery and discharge must be made within 45 minutes after the addition of the mixing water to the cement and aggregates, and the producer of the concrete must furnish proof of compliance with this time limit in the form of a ticket stamped by an approved time clock with the time of leaving the plant. Concrete which is unsuitable for placement when delivered will be rejected.

Testing of concrete: Standard compression tests will be made for each day pour, consisting of a minimum of one pair of test cylinders, one tested for compressive strength at (7) seven days and the other at

twenty-eight (28) days. Concrete which does not meet the compressive strength of 3000 pounds per square inch at the twenty-eight (28) day test shall be removed and replaced at the contractor's expense.

Placing and finishing: The subgrade shall be moistened just before the concrete is placed. The concrete shall be placed in successive batches for the entire width of the slab, tamped until all voids are removed and free mortar appears on the surface, thoroughly spaded along the edges, struck off to the true grade, and finished to a true and even surface with floats and trowels. The final trowelling shall be done with a steel trowel leaving a smooth, even surface. After the water has disappeared, the surface shall be given a final wash brush. The brush shall be drawn across the sidewalk at right angles to the edges of the walk, with adjacent strokes slightly overlapping, producing a uniform, slightly roughened surface with parallel brush marks.

Joints: The surface shall be cut into rectangular slabs. The surface shall be divided by grooves constructed at right angles to the center line of the sidewalk. These grooves shall extend to quarter (1/4) inch and not more than one quarter (1/4) inch in width and shall be edged with an edging tool having a one-quarter inch (1/4) inch radius. No slab shall be longer than six (6) feet nor less than four (4) feet on any one side, unless otherwise ordered by the Engineer. The edges of the slabs shall be edged as described above.

Expansion Joints: Expansion joints shall extend from the subgrade, be truly at right angles to the sidewalk surface, and be made by putting the specified joint filler in place and by completely filling said joints before placing the concrete. They shall be placed as follows: At all places where the sidewalk line intersects a curb line or other sidewalk, a three-fourths inch (3/4) expansion joint shall be made at right angles to the centerline of the sidewalk. A three-fourths inch (3/4) expansion joint shall be made across the sidewalk at fifty (50) foot intervals.

Curing: The surface of the newly laid sidewalk shall be wetted if it becomes dry before the curing material is placed. The water shall be applied as a fine spray so that it will not mar or injure the sidewalk surface. As soon as it can be done without damage to the surface, the curing may be placed. Curing material may be burlap, impermeable paper, or polyethylene sheeting, used in accordance with general practice and approved by the Engineer. The contractor shall protect the concrete from damage by rain, pedestrians and animals with suitable covers and barricades, and by red lights at night.

SECTION 6. All owners of lots, blocks, tracts, or parcels of land touching upon the line of said proposed sidewalks to be re-constructed in front of or touching upon their respective lots, blocks, tracts or parcels of land, in accordance with the specifications of this Ordinance shall, within thirty (30) days after mailing of the notice of the passage of said Ordinance, addressed to the

party who last paid the general taxes on the respective lots, blocks, tracts or parcels of land, shall reconstruct said sidewalks in accordance with the provisions of this Ordinance, and in default thereof, then the Village of Mokena shall reconstruct said sidewalks in accordance with this Ordinance, and enter into a contract for the furnishing of materials and the reconstruction of said sidewalks as herein provided.

SECTION 7. The materials and reconstruction of said sidewalks shall be under the supervision of and subject to the approval of the Commissioner of streets and public improvements. The Commissioner of streets and public improvements may designate the Superintendent of Streets or the Village Engineer as the officer or officers of the Village to supervise the reconstruction of said sidewalks.

SECTION 8. A bill of costs of the reconstruction of said sidewalks shall be made by the Commissioner of streets and public improvements, together with a list of the lots, blocks, tracts or parcels of land touching upon the line of said sidewalks, the names of the parties who paid the general taxes on the respective lots, blocks, tracts or parcels of land, and the frontage of each lot, block, tract or parcel of land.

SECTION 9. To anticipate the collection of the special tax to be levied, the Village of Mokena may issue vouchers bearing interest not to exceed six (6%) percent per annum in payment for these said sidewalks, payable solely out of the special tax as herein provided.

SECTION 10. If the owner of any lot, block, tract or parcel of land has failed or has refused to reconstruct his portion of the sidewalk in accordance with this Ordinance, the Commissioner of streets and public improvements shall prepare a special tax list against these lots, blocks, tracts or parcels of land in front of or touching which sidewalk has not been reconstructed, ascertaining by computation the amount of special tax and the amount of special tax and the annual installment thereof to be charged against these lots, blocks, tracts or parcels of land on account of said reconstruction of said sidewalk. A special tax list shall be filed in the office of the Village Clerk of the Village of Mokena, and said Village Clerk shall thereupon issue Warrants directed to the Village Collector for the collection of the amount of special tax so ascertained and appearing from this special tax list, to be due from the respective lots, blocks, tracts or parcels of land touching upon the line of the sidewalk. However, the aggregate amount of each special tax shall divide into five (5) annual installments of equal amounts, except that all fractional amounts shall be added to the first installment so that it shall leave the remaining installments equal in amount, and each a multiple of One Hundred Dollars (\$100.00). The first installment shall be due and payable on the second day of January, next after the date of the first voucher issued on account of the work done, and the second installment one (1) year thereafter, and so on annually until all installments are paid. The Commissioner of streets and public improve-

ments and the Village Clerk shall file in the office of the municipal collector, who is hereby designated to collect said special tax, a certificate signed by the Commissioner of streets and public improvements of the date of the first voucher and of the amount due thereon within thirty (30) days after issuance thereof.

SECTION 11. All installments shall bear interest at the rate of six (6%) per cent per annum until paid. Interest on assessments shall begin to run from the date of the first voucher issued on account of work done. The interest on each installment shall be payable as follows:

On the 2nd day of January next succeeding the date of the interest accrued up to date on all unpaid installments shall be due and payable and it shall be collected with each installment. Thereafter, the interest on all unpaid installments shall be payable annually and be due and payable at the same time as the installment maturing in that year and be collected therewith. In all cases the Village Collector hereby designated to collect said special tax, whenever payment is made of any installment, shall collect all interest that is due up to the date of that payment, whenever the payment is made at or after maturity.

SECTION 12. Any person may, at any time, pay the whole assessment against any lot, block, tract or parcel of land or any installment thereon, with interest as provided in this Ordinance up to the date of payment. The Village Collector shall proceed to collect the warrants by mailing a written notice to the address of the party who last paid the taxes on the respective lots, blocks, tracts, or parcels of land in the list, that the tax list is in his possession for collection. All money so collected shall be immediately paid over by the Village Collector to the Village Treasurer of the Village of Mokena.

SECTION 13. Upon failure to collect the special taxes as herein provided, the Village Collector on or before the first day of August of each year shall make a written report of this special tax to the County Clerk or to such general officer of the County as may be authorized by law to apply for judgment against and sell lands for taxes due to County or City. This report shall also contain an enumeration of:

- 1) All the lots, blocks, tracts or parcels of land upon which this special tax remains unpaid.
- 2) The names of the respective owners thereof, so far as the names are known to the collecting officer.
- 3) The amount due and unpaid on each lot, block, tract, or parcel of land; and
- 4) A copy of the Ordinance ordering reconstruction of the sidewalks.

This report shall be accompanied by the oath of the Village Collector that the list is correct and the list is a return of the lots, blocks, tracts, or parcels of land on which the special tax levied by the authority of the municipality for the cost of the sidewalks specified in said Ordinance remains due and unpaid, and that the amounts therein stated as due and unpaid, have not been collected, nor any part thereof. This report, when so made, is prima facie evidence that all the forms and requirements of the law in relation to making said report have been complied with, and that the special tax, as mentioned in the report, is due and unpaid.

SECTION 14. When the County Clerk or the specified general officer of the County receives

said report, he shall at once proceed to obtain judgment against the lots, blocks, tracts or parcels of land enumerated therein for the special tax remaining due and unpaid, in the same manner as may be provided by law for obtaining judgment against land for taxes due and unpaid to the County, and shall be governed by the general revised laws of the State of Illinois.

D.L. Davidson Dies; Conduct Rites At Joliet

Funeral services were conducted last Friday afternoon for Dwight L. Davidson, late of 123 Peale st., Joliet, owner and operator of the New Lenox bowling lanes. The rites were held from the Blood and Grant funeral home, 112 Richards st., Joliet to the Bethlehem Lutheran church, with the Rev. Don Oscarson officiating.

Mr. Davidson was found dead in his car Wednesday afternoon, April 17. His wife died eight or nine years ago and the couple had no children. A cousin in Ohio is listed as the only relative. Mr. Davidson took considerable interest in conducting classes and bowling leagues for youngsters and each year his lanes were represented by teams in the national tournament for boys and girls. The outcome was determined by a comparison of scores, via mail, of the competing teams.

Death Takes

Father Of L-W

Board Member

Charles C. Schleeter, 90 years old, late of Jackson township, died at his home last Friday, April 19, following a long illness.

Mr. Schleeter was the father of Lorin Schleeter, of Manhattan, a member of the Lincoln-Way high school board who was re-elected this month.

Also surviving are his widow, Myrtle; another son, Charles, and two daughters, Doris and Gladys, all of Manhattan. Mr. Schleeter was born in Jackson township and lived there all his life. He devoted his working life to farming and retired several years ago.

Funeral services were conducted from the Klemm funeral home to the Methodist church at Manhattan at 2 o'clock Monday afternoon, April 22. The Rev. Alfred Patten officiated and interment was in Providence Ridge cemetery.

Kindergarten Will Have Step-Up Day On May 3

MRS. KATHARINE HEISNER
Telephone: 469-5187
May 3 at 1:15 p.m. a step-up day program will be held for Frankfort students who will be five years of age on or before Dec. 1, 1963.

This year's kindergarten class will act as hosts to next year's kindergarten class.

Parents are asked to have their children meet in the kindergarten room at 1:15. Parents will then assemble in the multipurpose room where the school nurse, principal, teacher and PTA roundup committee will register the pupils and explain the school program.

A date will be announced later to register students who will be 6 years of age on or before December 1st who were not registered last year as kindergarten pupils.

Mr. and Mrs. Lloyd Matthew and family, accompanied by his mother, Myrtle Schneider, spent the week-end at Spencer, Ind. with Mr. and Mrs. Bob Williams.

While there they met Mr. and Mrs. Grady Matthew and family of Oklahoma. Mr. Grady Matthew is Mrs. Schneiders brother. Mr. Grady Matthew is leaving for Madrid, Spain for a three year stay. He is affiliated with the army P.O.

Miss Kay VanRheeden, daughter of Mr. and Mrs. Robert Van Rheeden, 235 Maple St., Frankfort, was recently initiated into Beta Iota chapter of Alpha Gamma Delta social sorority at Eastern Illinois University, Charleston.

The Lions club will sponsor a turtle race at the Frankfort grade school gym Sunday afternoon, May 19, beginning at 2:30 p.m. Anyone wishing to purchase turtles may do so by contacting any Lion member here. Money raised will be

Orland Park

Homemakers Unit Hostess To Groups Of 4-H Girls

MRS. LILLIAN KNOX
FI 9-0211

Fourteen members were present at the Orland Homemakers Extension unit meeting held in the Methodist Church, Friday evening, April 19. During roll call, the members answered with the name of their favorite flower. The unit was host to the Clover Bells, Alpine 4H Girls, Eager Beaverettes and their mothers. The girls gave very interesting demonstrations of various projects. Following the program refreshments of cookies, coffee and popade were served.

The craft and bake sale the Eager Beaverettes conducted Saturday proved very successful.

Mrs. Ray Doctor of Orland, Mrs. John Burkhardt and Mrs. Lawrence Burkhardt of Oak Park, former residents of Orland, were among the 38 women who were on a week's tour in Hot Springs, Arkansas. Mrs. Lawrence Burkhardt had planned the tour. The group were the Senior Citizens of Oak Park.

A Wittenberg university junior from Orland Park is a member of the university's 60-piece concert band, which will present concerts in Ohio and Indiana April 29 thru May 1.

She is Nancy Bendix, daughter of Mr. and Mrs. Gordon Bendix, (Rt. #2) a member of the band's percussion section. A total of eight concerts will be given during the tour.

George A. DeLappe who resided in Kenosha, Wis. became

used for the various projects the Lions sponsor, especially aiding the blind and any child needing special glasses in this territory.

The local grade school band will go to Beecher, Sat., April 27, to participate in the Band State contest.

The Frankfort Methodist church with the Sunday school as sponsors, will present the movie "A Man called Peter", May 10, 1963, 7:30 p.m. at the Frankfort grade school gymnasium. Tickets over 12 - \$1, under 12 - 50 cents.

Last Sunday, Mr. and Mrs. Ervin Schellhase were the dinner guests of their daughter and family Mr. and Mrs. Conrad Mark of Manhattan. Other guests were, Mr. and Mrs. James Lind and children of Tinley Park.

Mr. and Mrs. Clarence Scheer entertained at a dinner in their home last Sunday. Guests were: Miss Virginis Clayton of Indianapolis, and their son Eugene Scheer of Evansville, Ind. Mr. and Mrs. Clarence Sluiter, son Bill and daughter Lois of Normal University.

Week-end guests of Mr. and Mrs. Henry Heuser Sr. were their son and his family, Mr. and Mrs. Henry Heuser of Livonia, Mich. They returned home Monday.

Mrs. William Parker of Oakron, Ohio arrived last week-end for a visit with her son the Rev. and Mrs. James Parker and Ann Carol.

Mr. and Mrs. Herbert Folkers Jr. and Mr. and Mrs. Herbert Folkers Sr. and Janet were dinner guests of Mr. and

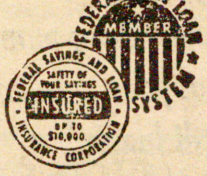

quite ill, so last November, he came to Orland to live with his sister, Mrs. & Mr. Edward Mell. Recently he was admitted to Hines hospital where he died, Saturday, April 13. Services were held Wednesday, April 17 at Monroe funeral home, Delavan, Wis. Burial was in East Delavan cemetery with military services. He was 51 years old and served in World War II and the Korean Conflict, a veteran of 16 years. Surviving besides his sister, are Mrs. Mell, his mother, and sister, Mrs. Jeanne Anderson of Lockport, and a brother, Donald.

Calls the firemen received the past week - Monday morning a grass fire at 135th and 110th Ave., Monday afternoon - grass, shed and car fire at the Henry Pool residence 155th & 116th Ct.

Tuesday night, a car accident at 159th & 94th Ave. Squad car took a young boy to Oak Forest. The state police were on the scene. Sunday afternoon at 151st, three blocks west of Will-Cook Rd. a tool shed was on fire, total loss; cause undetermined.

April 27 Sign-Up Date For The Little League

MRS. EDWARD HOVI
479-5740

The Little League sign-up date is this Saturday, April 27, at the school, from 9:00 a.m. until noon. The sign-up will be held in front of the school. A sign-up fee of \$3.50 will be required of all the boys to defray the cost of athletic insurance on the boys.

There will be a meeting at the school on the following Monday night, April 29, at which time there will be movies shown by the director of Little League pertaining to the Little League, and after the movies an opportunity will be afforded those present to question the speaker.

This meeting is for the adults only, since a lengthy session would serve no interest for the boys themselves. More adult workers are still needed to put this program in operation. If you are interested in helping out in any way, try to attend this meeting on April 29. It is not necessary that you have a son of Little League age, or even an up-coming Little Leaguer.

The First Nighters will hold their regular monthly affair at the home of Mrs. Marvin Rogan, on next Thursday evening, May 2, at 8:00 p.m.

The Baby Sitters secretary's book changed hands at the home of Mrs. Richard Mansell of 9507 West Elm Avenue on Wednesday evening, April 17. The book was turned over to Mrs. Mansell by Mrs. Hovi who had been secretary for the last month.

Any member now needing a sitter should contact Mrs. Mansell at 479-5772 at least twenty-four hours in advance of the date needed.

If there are any more women in Arbury Hills who are interested in joining the baby sitters group they should also contact Mrs. Mansell at the same number for particulars.

The next meeting of the Baby Sitters Club will take place at the home of Mrs. Keith Miller of 9425 West Elm Avenue, on Wednesday evening May 15, at 8:00 p.m. Any member planning on attending, or any potential member, should contact Mrs. Miller at 479-5378 before the day of the meeting.

The matter of a possibility of having professional dancing instruction in Arbury Hills was brought up at the last Civic Association meeting. If anyone is interested in obtaining further information on the subject, please contact Dan Markowski, the president, at 479-5041, for all the details.

The Summit Hill Boy Scout Troop Number 10 will hold their monthly paper drive next Saturday morning, May 4. Anyone wishing to contribute to this collection is asked to have their newspapers or magazines bundled in some manner and placed either at the front door or at the

garage door before 9:00 a.m. Do NOT place the contributions at the curb, since they would then interfere with the garbage pick-up also scheduled for Saturday mornings.

The Bingo club met at the home of Mrs. Alan Borchert of 9436 West Elm Avenue on Thursday evening, April 18. The hostesses gift was won by Mrs. Nancy Matthiesen, and Mrs. Louise Hendrickson won all the additional prizes.

The next meeting of the group will take place at the home of Mrs. John Hayden of 9436 West Pine Avenue, on Thursday evening, May 16, at 8:00 p.m.

Congratulations to the newly elected members of the Summit Hill School District 161, who were elected at the school election held April 13. Those elected were: John Hayden, from Arbury Hills, and Julius Sandy from Tinley Gardens and Robert Dickerson from Arbury Hills.

The increase in the educational tax levy was defeated by a narrow margin on the same day. This increase was being asked for the Summit Hill School District only.

The Cub Scouts will hold their monthly Pack meeting at the school on next Friday evening, April 26, at 8:00 p.m.

The Boy Scouts were scheduled to attend the White Sox Baseball game, weather permitting, at Comiskey Park, last Saturday, April 20.

The Brownie Scouts are getting into high gear with their practice for the Girl Scout Rally to be held in the Joliet High School Auditorium on Sunday afternoon, May 5, at 2:00 p.m.

Each troop is preparing a skit which in turn meshes into the general theme of the entire program.

Mr. and Mrs. Alan Borchert of 9436 West Elm Avenue took their three year old son, Brian, for his first trip to the Brookfield Zoo last week. He was quite impressed with all the animals, but his favorite was the part of the porpoise when a girl rapped on the glass to attract the attention of the group to start the show.

Young Edward, son of Mr. and Mrs. Edward Hovi of 9448 West Hickory Street, celebrated his seventh birthday with a boys birthday party, not even his sister was allowed.

Those boys who attended were: Jerry Daniels, Joey Mangam, Billy Mangam, Johnny Cumbee, Mark Sheedy, Jimmy Roach, Bobby Burdett, and the two younger Hovi boys, Michael and David.

Colleen O'Neill, daughter of Mr. and Mrs. William O'Neill of 19327 South Oak Street, celebrated her fourth birthday with a party of her playmates. In addition to her brother Billy, and her sister Peggy, there were seven other children in attendance: Kathy Burdett, Cindy Hayden, Ann Wallis, Kim

Riesbeck, Elizabeth Albert, and Karen Fronck.

Kim Riesbeck spent an overnight stay in the hospital recovering from eating a large quantity of baby aspirin. She no longer thinks those orange "candies" taste so good.

NFO Elects Bargaining Committees

On Wednesday (April 17) at the regular meeting of the Will County National Farmers Organization in Manhattan, the following bargaining committees were elected.

Grain: Carl Staffeldt, Wheatland; Joseph Gougar, New Lenox; Raymond Domagalla, Custer; William Long, Florence; Marvin Phillips, Troy and Martin Blomberg, Washington, Alton.

Meat: Eugene Weisbrook, Wheatland; Robert Reiter, New Lenox; Earl Yeates Jr., Custer; John Donahue, Wesley; Elmer Mandel, Wheatland and Richard Been, Frankfort, Alton.

Dairy: Leonard Arnold Jr. and Henry Urban, Monee; Edward Wolff and Edward Rauch, Will; Richard Yeates, Green Garden; and Joseph Reid, Monee.

Harold Cole of Moline, was the outside speaker. All future meetings will be at Sportsman's hall, Manhattan.

Red Cross

Will Teach

Water Sports

Red Cross will offer training in water sports and skills, leading to qualification as authorized instructor, at a series of aquatic and small craft schools to be held this summer.

Will county chapter of American Red Cross, 222 N. Broadway, Joliet, has application forms and further information for anyone interested in attending. Minimum age for participants is 18.

Nearest locations for Will County residents are the June 10-20 aquatic school at Southern Illinois University's Little Grassy Lake campus and the June 11-21 small craft school at Culver Military Academy, Culver, Ind.

A list of locations of other schools, to be held throughout the United States, is available at the Red Cross office. Those who plan to be in other parts of the country during the summer can find nearby Red Cross schools in the eastern south-eastern and west coast states.

Mary Frances Kennedy, first aid and water safety director for Will County Chapter, said that aquatic schools offer training in swimming, life saving, first aid and small craft for persons intending to be water safety instructors. They also include advanced work in competitive swimming, along with first aid instructor training, for experienced water safety instructors.

Small craft schools teach canoeing, sailing and boating with instruction in skills and teaching methods for small craft handling, safety, self rescue and rescue of others, marlin-spiking seamanship, care and repair of equipment.

That State Income Tax!

If you don't want a state income tax now is the time to let your representatives in the Illinois general assemblies know your feelings on the subject.

The state departments want more money to spend and they are running out of ways to get it. About the only means left of making a big score is to hit you with an income tax.

The revenue study commission is advocating approval by the legislature of a constitutional amendment to the revenue article which would provide for a state income tax.

Some legislators are of the opinion such an amendment would not gain approval in the general assembly but there are legislators, especially from Chicago where the politicians want more money feed for the trough, who favor an income tax.

Even if approved in the legislature such an amendment would have to win approval of the public at a general election. We do not believe the public likely to vote themselves another tax—the federal income tax should be warning enough of what can happen—but the cost of submitting such a question at a general election is very expensive and it would be much simpler to kill it off in the general assembly.

Proponents of the measure are putting on quite a propaganda campaign. They are making a play for the support of those who list the schools and education as sacred by pointing out if the state is to give further aid to the schools additional revenue is necessary. Where is such revenue to come from? Why, a state income tax.

They are making a play for the support of the farmers by inferring that with an income tax law on the books it will be possible to lower the real estate tax. Inasmuch as no one pays any real estate tax to the state at this time we are somewhat at a loss to see why the farmer, or any other home or landowner would benefit from a state income tax. From where we sit a state income tax would just be another tax—and heaven help us.

Proponents of the state income tax also are making a play for public support by promising to hook a provision on the amendment to abolish the personal property tax, in say four years time. Most people don't like the personal property tax and one might add that in Chicago and Cook county most people—and we are talking about individuals—don't pay it as long as they

are known to "vote right." It is largely left for business firms and corporations to pay, except that in most downstate counties people to pay it—reluctantly perhaps and with protest, but they pay it.

The revenue study group recommends a flat rate income tax for Illinois of five per cent on everyone, corporations and individuals. It also talks of an income tax of two percent which would be parcelled out among the local taxing bodies in lieu of the personal property tax. Whether this two per cent would be come tax was not made plain.

There was talk around the assembly too that in the event of repeal of the personal property tax law that a special tax or license fee be imposed on passenger cars and trucks. Inasmuch as cars and trucks now comprise the major portion of the personal property valuation we fail to see that passage of a state income tax law would result in any saving to the taxpayer.

We reiterate, a state income tax will not be a substitute tax. It will be an additional tax. It's proponents are also making a play for the support of municipal authorities by declaring that it would in no way disturb the sales tax now in force.

Beware of commissions and politicians bearing tax schemes.

If we don't guard ourselves we may find ourselves in the same predicament as did the customers of an early Kentucky miller, as was related some months in a neighboring column, "On Second Thot."

This miller, so the story went, ground the wheat and corn raised in the neighborhood, and altho he occasionally collected a fee for his work in hard money, most of his pay came by abstracting a portion of the flour or meal, a process known as "tolling."

One day when he came in the mill he slapped his hand on a stack of filled sacks and turned to his dusky servitor.

"Whose grist is this, Tom?"

"That belongs to Marse Ben Thompson."

"Have you tolled it?"

"Yes sah, I'se tolled hit."

"Toll it again," commanded the miller. "He's rich, he can stand it."

He slapped another stack.

"Whose grist is this, Tom?"

"That's Marse Billy Moon's grist."

"Have you tolled it?"

"Yes sah, I'se tolled hit."

"Well, toll it again—he's poor, dang him, we'll keep him poor."

We fear the miller and the tax-makers are kindred souls.

Firs, pines and spruces are among the larger evergreens. The concolor fir is tall and resembles a blue spruce, but has much softer leaves. White pines are valued for their soft leaves and horizontal branches when they mature. Blue spruces vary in their color, but the varieties Moreheim and Kostar are quite consistent and are very attractive.

When selecting evergreens, be sure the roots are well balled and wrapped. Plant the tree as soon as you get it so that it will have ample time to establish roots before new growth starts.

are the most commonly planted evergreens. However, they need sunlight and are very susceptible to red spider and bagworm attacks. Andorra, Sergeant and Pfitzer and low grading or spreading types. Kennaert and Kettler red cedars are upright and may get quite tall. All junipers can be pruned.

Mugo pines are medium-sized evergreens, growing about five feet tall, and round or ball-shaped. They do not grow in the shade, and are often used as informal accents.

These grubs feed from late summer until late spring when they become adults. The adult is a black snout beetle, but is seldom seen because it hides during the daylight hours and feeds sparingly.

The notches left by feeding on the margin of needles on the lower part of the plant are usually the only clue that the pests are present, until severe damage results.

Fortunately, properly timed sprays easily kill the adult beetles as they feed before egg laying. Apply dieldrin spray, one tablespoon per gallon of water in three, weekly applications, starting the third week of June. Thoroughly wet the plant and the ground beneath it.

Yews and Evergreens can be planted in spring, if they are dug before new growth starts.

Yews are generally considered the best kind to plant. They are green the entire year, and are particularly resistant to insect and disease attack, and grow well in either sun or shade. Dense, dwarf, and spreading yews are excellent as fillers and accents. Hatfield and Hicks yews make very fine hedges, and take trimming well.

On Second Thot

By GLENN F. LOGAN

In case you are one of those persons who has been wondering what has become of Sunday you will be interested to know there are members of the Illinois general assembly who are perplexed by the same question.

The big difference, of course, is that wonderers at Springfield have the machinery to prosecute the search.

There are some who profess to believe that Sunday went out to play, wandered off its regular paths and got lost in the woods.

There are others who advance the theory that Sunday was kidnapped and is being held for ransom by a band of greedy merchants.

Whatever the reason for its disappearance the fact remains that in these United States, at least, Sunday has indeed disappeared.

What was once looked upon as a day of rest, recreation and church going is no longer to be found.

Most anytime now you can expect some outfit will launch a national contest in which prizes in the form of gift certificates, redeemable at stores on Sunday, will be awarded to the person sending in the best new name for Sunday.

It is reasoned that as long as the name Sunday doesn't mean anything anymore the day should have a new name, something more in common with the character it has developed.

If you are not one of those who has to work on Sunday you should take a drive and see how many do.

One can see practically any sort of activity that one does on a week-day.

Not only are houses being sold on Sunday but they are being built too.

As for business—well, if the present trend continues one will have to keep a calendar handy to know for certain just what day it is.

We have had some sort of business on Sundays for many, many years. Drug stores, gas stations and some neighborhood groceries that would be open for a couple of hours to provide milk and breakfast items. Today the neighborhood store has almost disappeared, giving way to the supermarket that provides an all day service on Sunday.

But the food stores are not playing solos. They have plenty of company in the shopping centers. In some area all stores remain open on Sunday, clothing stores, dress shops, furniture stores, shoe stores, hardware stores, paint stores, florists and any other kind of store you want to find.

To be perfectly fair, however, one must admit that no blacksmith shops are to be found open on Sundays nor do any of the wagon and carriage works keep their doors open on that day.

And there are many kinds of workers who do not ply their trades or services on Sundays. For instance the buffalo hunters absolutely refuse to go out on Sundays and while we can't say that the Wells Fargo Express Company drivers refuse to work on Sunday we will say that we never see them out on that day anymore. Nor do the harness shops keep open.

We are also advised by reliable sources in the southwest that the vast herds of longhorns that are being moved to rail heads in Kansas from Texas and Arizona are given a chance to rest on Sunday.

So you can see the claim that everyone is working on Sundays is somewhat extravagant.

Even as we sat tapping away at this piece we received word that the men who install hitching posts and hitching rings and the plumbers specializing in putting in the drinking troughs for horses have issued an ultimatum to their employers that they will no longer work on Sundays.

There is a group in the state that is endeavoring to get the general assembly to pass a law to the effect that Sunday is to be considered as a day of rest and banning business on that day.

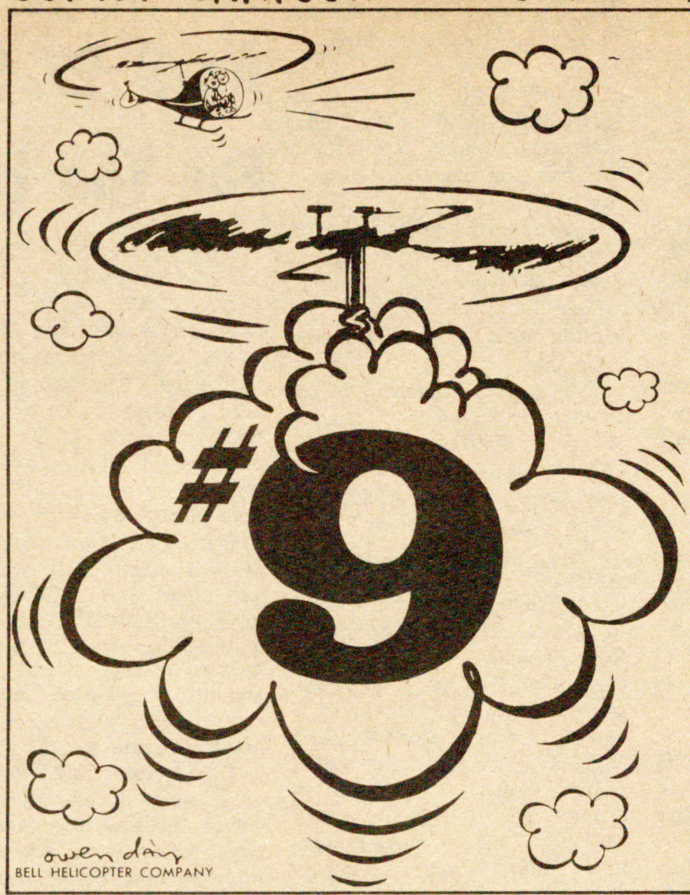

It is quite possible that such a law might fall into the category of class legislation but we have a suggestion that probably would blow Sunday business right out the window.

Since the minimum wage laws appear to stand up in court why not adopt an amendment setting the minimum wage for Sunday work at five times the regular rate.

That time and a half or double time is old hat, like man, Christopher Columbus.

"Bet flying that 'Cloud Nine' job would be a way-out experience!"

Business & Finance

BY MAURICE P. ANGLAND

Steel is now riding high in investor popularity. As the volume of profitable production rises above the "break even" point, the net profit curve will bend sharply upward. This profit picture is essential to a healthy industry. The profit accrual during good times must absorb the weight of no profit and even heavy losses during periods when business is very slack.

Fortunes have been made by investors who had the discipline to acquire leading steel common stock in periods of small profit for steel makers and sell their holdings when that industry cycle was well on its way upward once again. The opportunity to do this is repeated every few years.

A vital industry such as steel making usually receives favorable consideration from the government and even labor leaders, when the need for new capital and profit to attract this capital, is clearly seen.

Our national and international competitive position in large segments of our economy, can be directly influenced by the competitive position of our steel industry. It cannot be allowed to lose position due to lack of modernization and research progress. A nation with a second rate position in steel making is living on the edge of national danger or must become a satellite to a nation which does have a vital steel making capacity.

This is somewhat the logic of investors who, over the years, have favored the steels for their investment accounts. General business activity is moving ahead at a faster rate than was generally expected only a short time ago.

The U.S. News & World Report expresses opinion that prices will not be controlled either by law or White House pressure and that the "guide lines theory" of prices and wages of a short time ago, will simply be forgotten. Wage guidelines had been simply ignored by labor and prices must show a true accounting profit.

Retail prices of items which have had a steel price increase, will not be exactly that of their price increase. The "average"

per ton increase may be \$6 per ton, but the actual increase in a particular type of steel may well be somewhat higher.

An example of how the price changes happen is had by assuming a \$500 cost of a particular item fabricated from steel. The price increase is 5 per cent or \$25 as to raw steel.

The end price of this item will depend on how many times it is fabricated or handled before final use. Each fabricator must receive its percentage gross profit on this new charge and the government tax of 52 per cent on net profit as final results for each fabricator is had and this repetition of tax charge, can and does happen. Each fabrication or handling, must show a profit or labor employed in this activity, would of necessity, donate its labor at some point in this process.

Those who try to control prices, are fighting a battle that is seldom won. Prices can be controlled only where production is also controlled. Effective price and production control is seldom achieved even under tight dictatorship. By price and production control, the meaning is as to items of same quality and composition.

The Minut Studio of the Dance had been requested to stage an hour and a half show for the patients at Oak Forest Hospital, in their big Recreation Building, Tuesday, April 16, at 7 p.m.

The show was a big hit, and well produced. It was based on the activity of people in an imaginary railroad station, and Mildred Minut and Gordon Case did speaking parts, and the studio had many dance acts, including the Minut Starlets; a group of twelve girls and Gordon Case, all of whom performed a production number.

The show also featured a new Dance Band, called the "Top Teens", directed by Jack Heisner, and they played for their debut at Oak Forest, joining in with the Minut Students for a Grand Finale, after they finished their own selections.

The "Top Teens" Dance Band will also play an interlude at the New Lenox Methodist's church mother and daughter banquet to be held on May 7, and the Minut Studio will stage a performance of the well-known ballet, "Peter and the Wolf" at this same affair.

Mrs. Royal Corp and daughter Connie were Mrs. Katherine Heisner and Mr. and Mrs. Harry Miller of Frankfort, Miss Lorna Miller and Mr. and Mrs. Roger Corp of New Lenox.

Mr. and Mrs. George Vogt and family of Allegan, Mich. were guests on Easter Sunday in the Frank Liszt home.

James D. Frazer joined a family gathering on Easter in the home of Mr. and Mrs. Harry Hull and family in Homewood.

Mrs. Adella Sproat was a dinner guest on Easter in the home of Mr. and Mrs. Durward Killinger.

The Maple street Arbor of Gleaners will hold a family party and meeting Friday, May 10, beginning at 8 p.m. Ladies are requested to bring a cake or sandwiches. In charge of this affair will be Mr. and Mrs. Eugene Anderson, Mr. and Mrs. Bruce Anderson and Mr. and Mrs. Alvin Welter.

REVIEWS YEARS ON LINCOLN-WAY BOARD

Dear Sir:

I feel that it would be remiss of me not to express my sincere appreciation to the board of education of Lincoln-Way, the administration and the teaching personnel for the very fine cooperation that I have enjoyed during the past 12 years. It has been a privilege for me to act as president of Lincoln-Way during these years and I must admit that I am very proud of the school and of its progress.

Certainly the results of the recent board election attest to the confidence of the voters of our district in the policies and educational program of the board and the administration.

In the early days of Lincoln-Way, one of the first and one of the most important acts of the board was the employment of the superintendent, A. Hunter Chapman. Much of the credit for the progress of our school must go to Hunter and to the administration staff. The relationship between the board and the superintendent has always been one of mutual confidence, cooperation and understanding of the school's problems. In solving our problems the first question of both the board and administration has always been "what is best for Lincoln-Way."

I know that it has been personally painful to me and to the individual members of the board to have had to request of the taxpayers of this district the approval of the various bond issues and tax rate increases. It has called for real sacrifice on the part of the taxpayer, but true progress, in the history of our country, has always been the result of sacrifice. We must realize that earlier generations before us have done the same during their time. I trust that our state legislators in the near future will recognize the financial problems of schools and will find an equitable solution to this tax problem.

I think I speak for all members of the board when I say that the progress of Lincoln-Way has been much more than we ever dared hope for at the inception of our school. We started with 70 acres of raw land. There has been built not only the original school building which had 18 classrooms, but three additions in 1957, 1960 and 1963 which will result in a total of 55 classrooms upon completion of the current project.

In the fall of 1953 the enrollment was 275. Now it stands at 975. Our original teaching staff consisted of 20 members. Today we have 50 people on our staff.

These are the evidences of our physical growth. Lincoln-Way has received much publicity and attention in the school journals during these years and our school has been visited by educators from many parts of the Midwest.

More important is the type of educational program that has been developed during these years and the type of graduates that leave Lincoln-Way. The school was early recognized by the North Central Association of Colleges. In fact, it was the first school in history to be fully accredited when we "opened the doors" the first year.

There has been a low drop-out rate with 82% of our students graduating. 40% of our graduates go to college.

Lincoln-Way has been the first secondary school in the midwest to establish a group guidance program.

We have had more than our share of national merit scholarship winners and in 1961 the graduating class received scholarships totaling \$40,000.

The band and chorus won Class A State Champion Sweepstakes in 1962 and will undoubtedly repeat again this year. We achieved the State finals in debate for two consecutive years. The Industrial Arts department has received outstanding awards and achievement certificates in various departments. In math, science, speech and agriculture, a variety of high awards have been received. The curriculum has been constantly enlarged and upgraded.

The athletic program has evidenced great progress under the board policy of a balanced program between scholastics, athletics and other extra-curriculum activities.

Each year a substantial number of students are elected to the National Honor Society.

Progress such as this can only be the result of sincere cooperation, a real understanding of educational problems and a great deal of hard work between the board of education, the administration and the teaching personnel.

Certainly the problems that we have faced in the past will serve as a firm foundation for the future boards of education in meeting the many new and more complicated problems in the coming 10 to 15 years.

Again may I say it has been a source of great satisfaction and pride to be of service to Lincoln-Way as a member and as president during the past 12 years, and I wish to assure you of my continued interest and support in the future.

Sincerely yours,
ALBERT H. KRUSEMARK
HAS COMPLAINT

Dear Sir:

Naughty! Naughty! The lads with the clout were dealing them off the bottom in the village election at Mokena, or maybe they were just following the biblical advice that "the first shall be last and the last shall be first."

The hand picked slate filed last but their names came first on the ballot and the candidates who filed first, each independently of the other, were lumped together in a group so that they appeared to be running as a ticket.

That some of the voters thought they were running as a ticket is that the returns showed the independents received 40 straight votes. The ticket group had some 200 straight votes. Technically or legally speaking the independents were not entitled to have the straight votes counted for them as such.

P.S. MORAL: One doesn't have to go to Chicago for a fast shuffle.

Hints For Homeowners

BY: JAMES FIZZELL, ASSOCIATE FARM ADVISER

When many plants of the same variety are planted in an area, it is only a matter of time before a specific insect or disease pest becomes a problem.

Japanese yews, so widely planted because of their freedom from pests, are now in danger. The pest is the black vine weevil, and the damage is due to the feeding of the larvae on the roots of the plant.

Infested plants show rapid browning and dying similar to that caused by transplanting shock. Removal of dead plants reveals roots eaten by white legless grubs.

These grubs feed from late summer until late spring when they become adults. The adult is a black snout beetle, but is seldom seen because it hides during the daylight hours and feeds sparingly.

The notches left by feeding on the margin of needles on the lower part of the plant are usually the only clue that the pests are present, until severe damage results.

Fortunately, properly timed sprays easily kill the adult beetles as they feed before egg laying. Apply dieldrin spray, one tablespoon per gallon of water in three, weekly applications, starting the third week of June. Thoroughly wet the plant and the ground beneath it.

Yews and Evergreens can be planted in spring, if they are dug before new growth starts.

Yews are generally considered the best kind to plant. They are green the entire year, and are particularly resistant to insect and disease attack, and grow well in either sun or shade. Dense, dwarf, and spreading yews are excellent as fillers and accents. Hatfield and Hicks yews make very fine hedges, and take trimming well.

Junipers, often called cedars,

are the most commonly planted evergreens. However, they need sunlight and are very susceptible to red spider and bagworm attacks. Andorra, Sergeant and Pfitzer and low grading or spreading types. Kennaert and Kettler red cedars are upright and may get quite tall. All junipers can be pruned.

Mugo pines are medium-sized evergreens, growing about five feet tall, and round or ball-shaped. They do not grow in the shade, and are often used as informal accents.

Veteran Volunteer Fire Chief, W.J. Bolton, Dies

W. James Bolton, 55, 1205 Sterling ave., Joliet, chief of the East Joliet fire department and one of the organizers and charter president of the DesPlaines Valley Firemen's Mutual Aid Association, died Sunday (April 21) at Silver Cross hospital, Joliet, following a serious illness.

Chief Bolton was probably one of the best known volunteer firemen in the area. The DesPlaines Valley Association includes Mokena, New Lenox, Lockport and the Homer township departments in its membership.

He had a standing order in the East Joliet department to aid any other fire department in need and never to refuse a call for help from anyone.

For the past 13 years he had been a fire inspector for the U. S. Steel Co. at its Gary works.

He had been active in the promotion of fire protection in unincorporated area for the past 25 years. He also devoted much of his time to safety talks and demonstrations and was a Red Cross instructor in first aid.

Bolton spent most of his vaca-

tions and leisure time in studying fire fighting methods and was a graduate of several schools provided by the state and the International Conference of Fire Chiefs where the latest in fire fighting techniques is emphasized.

Besides the organizations devoted to the furtherance of fire protection and the Illinois Fire Fighters' Association Chief Bolton was a member of Mt. Joliet lodge, No. 42, A.F. & A.M.

Beside his wife, Edna, he is survived by two daughters, his mother, a sister and four grandchildren.

Funeral services were held yesterday (April 24) with burial in Elmhurst cemetery, Joliet.

A rotating two-man honor guard was maintained by the East Joliet fire department at the Olson funeral home from Monday night until the time of the funeral. All members of the department served as honorary pallbearers and representatives from the other 14 departments in DesPlaines Valley Association served in the honor guard.

Firs, pines and spruces are among the larger evergreens. The concolor fir is tall and resembles a blue spruce, but has much softer leaves. White pines are valued for their soft leaves and horizontal branches when they mature. Blue spruces vary in their color, but the varieties Moreheim and Kostar are quite consistent and are very attractive.

When selecting evergreens, be sure the roots are well balled and wrapped. Plant the tree as soon as you get it so that it will have ample time to establish roots before new growth starts.

Hijacker Weeps As He Draws Second Sentence

(CNS) - Phil (Skip) DeGrazia, 40, of 7325 West 61st Place, Summit, was sentenced Tuesday to 10 years in prison by Judge Hubert L. Will in U. S. district court for conspiracy to transport \$75,000 worth of goods stolen from an interstate shipment on April 29, 1961.

Judge Will ordered the sentence to run concurrently with a 10 year sentence DeGrazia is presently serving in Leavenworth penitentiary for a \$20,000 hijacking of electrical appliances in September, 1961. Provision was made by Judge Will for DeGrazia to be eligible for parole at any time, but particularly when he becomes eligible for parole on

"Tis better to have loved and lost than never to have filed a joint return."—Robert G. Campbell, Lititz (Pa.) Record-Express.

"Many a man finds that burning a candle at both ends will make it twice as hard to keep his wife in the dark."—William L. Zeigler, New Oxford (O.) Item.

"One argument in defense of the chewing of tobacco is that it never started any forest fires."—Terry J. Carlson, Sykesville (Pa.) Post-Dispatch.

"Don't worry about finding your station in life. There'll always be somebody around to tell you where to get off."—E. M. Remsburg, Vista (Calif.) Press.

"It's always the henpecked husband who crows loudest away from home."—Ray S. Francis, Cherryvale (Kans.) Republican.

"Usually a husband grows alone—especially when the little woman hasn't had a birthday for the last 10 years."—Kenny Bennett, Greencastle (Ind.) Putnam County Graphic.

"The golf duffer seldom addresses the ball properly... after he misses it."—Rosalie K. Frost, Cranston (R. I.) Herald.

the prior sentence.

DeGrazia appeared before Judge Will with his brother, Anthony, a prominent attorney and former president of the Pi Alpha Delta legal fraternity, who pleaded for a light sentence. Both men stood before the bench with arms locked around each others waist and both sobbed as Judge Will pronounced sentence.

DeGrazia's mother and wife broke into tears and shrieks outside the courtroom after the sentencing.

De Grazia was given the first 10 year sentence by Federal Judge Joseph Sam Perry last October 25 along with Peter Gushi, 35, of 472 West 28 Place, a self-styled master criminal who attempted suicide April 8 in Leavenworth. Gushi, who is waiting trial for the April 29, 1961 offense, tried to hang himself with a bedsheet but the sheet broke and Gushi fell to the floor.

When the pair were sentenced on the earlier charge, Judge Perry denounced DeGrazia as a perjurer and Gushi for threatening to kill a government witness.

Would Change Law On Holding Rail Crossings

The various railroad brotherhoods are backing a bill in the Illinois general assembly that would take trainmen off the hook for blocking crossings and making the railroad companies responsible, according to Gordon E. Cox, of New Lenox, a member of the joint legislative committee of the rail unions.

When a train blocks a crossing too long now and arrests are made the resultant fines are assessed against the engineer and conductor.

Cox claims that under the present law the companies are not too interested in whether working or operating practices result in holding crossings too long but if they are to be held responsible they will be decidedly interested. A freight train is not to hold a crossing in excess of 10 minutes, according to law.

The proposed measure, known as House Bill 834, was introduced in the Illinois house April 9. State Representative Francis J. Loughran, of Joliet, is one of the sponsors.

DeGrazia was sentenced Tuesday on a guilty plea for aiding in the transportation of the stolen loot in tractor-trailers to a farm in Grays Lake owned by another defendant, Medo Calzavara, 51, a horse rancher and rodeo operator. Calzavara is now a fugitive. The loot, according to Assistant U.S. Attorney James P. Bailey, was part of a \$250,000 shipment of cigarettes, cigars and razor blades stolen from the Certified Grocers of Illinois, Inc. warehouse at 4800 Central avenue in Forest View.

Other defendants besides Gushi and Calzavara are: Calzavara's wife, Rose, 47; John J. Torello, 35, of 1748 North Lotus avenue; Peter DiFronzo, 32 of 1825 North 38th Street, Stone Park; Irwin R. Bender, 30, of 1210 South Austin Blvd., operator of the Abel Freight Consolidating company, 2600 Lake street, and Anthony F. Daddino, 31, of 4443 Kolz avenue, Schiller Park.

Buy that new Electric Range now and get the wiring free!

{ THIS OFFER ENDS APRIL 30, 1963 }

START COOKING THE CLEAN, COOL, MODERN ELECTRIC WAY THIS WEEK. Electric cooking gives you exactly the heat you set

every time. And, as Little Bill says, the average family can cook all their meals with a modern electric range for pennies a day.

NO MONEY DOWN,* SATISFACTION GUARANTEED

Find out how much money you can save. This special, limited time offer means you get all necessary wiring free—if you buy a new electric range now. Any make or model. It can help modernize your home wiring and save you big money if your housepower is not up to date. This offer by Commonwealth Edison and Public Service Co. applies to a standard wiring installation for an electric range in any single-family dwelling served by the company. See your dealer for details.

WSCS Makes Nominations Of Officers For 1963-64

DOLORES ANDERSON
485-3651
The Woman's Society of
Christian Service of the New
Lenox Methodist church met
Wednesday, April 17 in Fellow-

ship hall of the church with
Mrs. R.J. Denson, Mrs. Bea-
trice Coe and Mrs. William
Kodak as hostesses. The pres-
ident, Mrs. William Brockman
conducted the meeting, at which

plans were made to attend the
annual Joliet-Dixon meeting at
Sycamore on April 25 and also
the meeting at Aurora on April
30. Mrs. Ronald Whitaker,
chairman of the nominating
committee, presented the fol-
lowing slate of officers for elec-
tion: president, Mrs. William
Brockman; vice president, Mrs.
John Meyer; secretary of chil-
dren's work, Mrs. R.J. Cullison;
secretary of spiritual life, Mrs.
William Kodak; secretary of lit-
erature, Mrs. Edward Sievert;
secretary of supply, Mrs. Carl
Batson; secretary of youth,
Mrs. Anthony Shiner; and pub-
licity, Mrs. Harvey Cross.
Miss Ellen M. Studley was guest
speaker and talked on the people
of Taiwan and the Methodist
work being done in that area.
She had many slides of this
beautiful land.

The next meeting will be
May 15 at the church.

The Joliet Newcomers club
is planning a "Springtime Soi-
ree" to be held Saturday night,
April 27 at D'Amicos 214 in
Joliet from 9 p.m. until 1 a.m.
There will be a midnight buffet
supper at 12:30 and Bill Car-
negie's band will furnish the
music for dancing. Decorations
will be brilliant pink flowering
trees, and plastic glow candles
will decorate the tables. Gen-
eral chairman of the affair is
Mrs. Edwin Shors; co-chair-
man, Mrs. Eugene Silver; de-
corations chairman, Mrs. Ray-
mond Arnsow; and ticket chair-
man, Mrs. Louis Metzler.
Anyone wanting tickets can call
Mrs. Metzler at 726-1101 and the
tickets will be delivered.

The meeting of the Bluebird
4-H club was called to order on
April 13th at the Methodist
church by Robin Facinelli.
Twenty members attended the
meeting. Leslie Hauck joined
the club and Jean Howard came
as a guest. Dorothy Shubert
was appointed Refreshments
chairman for the remainder of
the year. Cindy Huttenhoff was
appointed Share the Fun chair-
man, for Share the Fun night
to be held May 4th. Marilyn
Nolan appointed her committee
for the April party to be held

April 27th at 1:15 at the Meth-
odist church.

St. Jude's Altar and Rosary
society will sponsor a family
dinner at family prices, on Sat-
urday, April 27 in the school
hall. "Spaghetti-all you can
eat" the trimmings and home-
made desserts will be on the
menu at only \$1.25 for adults,
and 50 cents for children under
12. Reservations for 5, 6 and
7 p.m. servings may be pur-
chased from any Altar and Ro-
sary member. Mrs. Cele Has-
ibar is the general chairman.

The New Lenox Homemakers
extension unit will meet Fri-
day, April 26 at 1 o'clock in
the home of Mrs. Phillip Triem.
Mrs. Louis McCann will be
co-hostess. The major les-
son will be "Don't Be Fooled
By Food Fads" given by Mrs.
Marianne Carnahan, home ad-
visor.

Mesdames Pauline Magee,
Florence Haas, and Evelyn
Bowman will be hostesses
Tuesday, April 30th at the meet-
ing of the Womens League of
Trinity Lutheran church.

Cub Scouts Pack 8 will have
their monthly meeting and fam-
ily night on Friday night April
26th at 7:30 p.m. in the Fellow-
ship hall of the Methodist
church.

This is the week-end that
members of Boy Scout troop 49
will enjoy a bus trip to Galena,
Ill., where they will take part
in the Grant Pilgrimage. All
scouts must be in uniform and
leave the Boy Scout cabin in
the camp grounds, Saturday
morning April 27th, at 5:30 a.m.
Scout mothers will serve hot
chocolate and doughnuts to the
boys before they leave on the
trip.

The Deborah Circle of the
Methodist church will sponsor
their annual spring Salad-
Luncheon Thursday, May 2nd in
Fellowship Hall. Serving will
be from 12 to one o'clock with
a program following.

Mr. and Mrs. Alvin Warlick

Mokena

May 1 Step-Up Day In Mokena Grade Schools

TELEPHONE 479-3521
Step-up day in the Mokena
schools has been announced for
Wednesday, May 1. Incoming
first grade students should be
registered at 1:30 p.m. They
will receive their health exam-
ination forms for both physical
and dental and will have an
opportunity to visit in the first
grade room.

Health forms will also be given
to next years 5th and 9th
graders. Physical examina-
tions are required of all pupils
in the public elementary and
secondary schools. Immedi-
ately prior to or upon their
entrance into kindergarten or
the first grade and upon en-
trance into the fifth and ninth
grades.

and children Edwina and Andy
of Lockport have moved to New
Lenox. They reside on Joliet
Highway, in the Wayne Mangum
home.

Arnold J. Tyler, Superinten-
dent of New Lenox School Dis-
trict #122 announces that a
kindergarten round-up program
for parents of children eligible
to attend kindergarten in Sep-
tember in School District 122,
will be held at the Oakview
School in New Lenox April 30,
1963 at 7:30 p.m.

The purpose of the program
is to conduct a registration of
kindergarten youngsters, to
point out purposes and objec-
tives of the kindergarten pro-
gram, and to orient parents and
help them in preparing their
children for entry into the for-
mal school program.

To be eligible to attend kin-
dergarten this fall, a child must
be five years of age on, or be-
fore, Dec. 1, 1963. All parents
of children eligible to attend
kindergarten in the schools of
New Lenox District 122 are
urged to attend this meeting.
7:30 p.m. Welcome - Supt.
A.J. Tyler

7:40 p.m. What is Kinder-
garten and Why
8:00 p.m. Film - A Day in
the Life of a Five Year Old
8:30 p.m. School Health pro-
gram - Barbara Branch, school
nurse
8:45 p.m. Comments by
teachers - Geneva Oster and
Patricia Otis
9:00 p.m. Completion of reg-
istration forms.
Refreshments by New Lenox
PTA.

Miss Denfip, county school
nurse, and Supt. James En-
nis, will talk briefly to the first
grade parents.

The regular meeting of the
Mokena community volunteer
fire department was held April
9, 1963 with 18 members pres-
ent.

During the period between
March 12 and April 9 there
were 28 fire calls. Twenty-
five were careless grass fires,
1 car fire, 1 house fire and 1
fire in a service station grease
pit.

The Mokena entry at the Ro-
meoville fire department bowl-
ing tournament held in Lemont,
did not do as well as expected,
but the men did have a good
time socially.

Fred Clark reported a profit
of \$55 on the recent bake sale.
The fire department pinocle
night will be held May 11 and
the dance on May 18 at the
V.F.W. hall on Wolf Rd. in
Mokena.

Chief Robert Rust stated that
if he receives any more re-
ports about the fast driving by
firemen while answering calls,
he will take action that could
lead to dismissal of the guilty
men.

Final registration for Little
League and Babe Ruth ball play-
ers will be held at the Mokena
fire house, Saturday, April 27,
from 7 to 9 p.m.

Last week 70 boys regis-
tered, and after the Friday reg-
istration, teams will be formed
and playing schedules made up.
Practice will begin the latter
part of May, with regular play-
ing the week of June 3.

Managers have been obtained
for teams but there is still a
need for coaches and umpires.
All who want to play ball this
summer get out and register
Friday, and urge your dad to
offer his services for the time
he has available.

A "Spring Buffet" includ-
ing a bake sale and garden
supply shop will be held at the
Mokena Methodist church on
May 7. Serving will start at 11
a.m., The buffet is being spon-
sored by the W.S.C.S.

On Monday, April 15, eight-
een Girl Scouts of troop 97,
and their leader Mrs. Robert
Best, spent the day at Van
Horn woods. Mrs. Best was
assisted by Sandi Wieringa of
Frankfort, a senior scout, who
taught the girls to tie knots.

Mrs. Florence Neithammer
was present to teach first aid.
Mrs. William Welsch hiked with
the scouts through the woods
pointing out and naming var-
ious wild flowers and poison
ivy.

On Saturday, April 20, a
make-up hike was held for
eleven girls who did not at-
tend the original one.

On Tuesday, April 16, twenty-
four girls of Troop 97 visited
Bernardin's green house.
There they learned the process
of growing plants and flowers
from the time the seeds are
planted until they are mature
and ready to be sold.

Transportation for these e-
vents was furnished by Mrs. A.
Marshall, Mrs. K. Bressler,
Mrs. R. Schutte and Mrs.
C. Wilson.

Mrs. Ray Walsh will enter-
tain the Busy Homemakers ex-
tension unit at her home Wed-
nesday afternoon, May 1. Roll
call will be taken with, "Va-
cation Spots 1 Visited in
Illinois." The major lesson
will be given by Mrs. Fred
Beckman, "Your Walls - Paint,
Paper and Paneling." The min-
or lesson will be "True-False,
Our Table Etiquette." Mrs.
Fred Gill the chairman, presided
at the business meeting.

Miss Lillian Miller was host-
ess to her pinocle club last
Wednesday at her home. After
the game, prizes were awarded
to Mrs. Reuben Schmidt, Miss
Esther Bettenhausen and Mrs.
Donald Wilke. The next meet-
ing will be held at the home of
Mrs. Fred Gast, Wednesday,
May 15.

The P.T.A. of the Green Gar-
den community grade school
postponed their regular monthly
meeting due to conflicting
dates. It will now be held Fri-

Lincoln Estates

MRS. EMIL WILLE
Telephone: 469-5257

Mr. and Mrs. William David-
son spent Easter week-end
visiting with Mrs. Theresa Fi-
field and Mr. and Mrs. E. D.
Ashton at Gary, Ind.

Easter Sunday at Starved Rock
was the way Mr. and Mrs. Robert
Wheeler and family and Mrs.
Harriet Bissell spent the holi-
day.

Mr. and Mrs. Dwight Hicks
entertained relatives at dinner
and an Easter egg hunt on Sun-
day. Guests were Mr. and Mrs.
Mathew Kruchten and family of
Schiller Park, Mr. and Mrs.
J. D. Hawkins and family of
Bloomington, Raymond Kruch-
ten and family, Mr. Charles Cole
of Chicago, Mrs. Mable Davis
of Kankakee and Charles Brown.

Mrs. Jean Warning and child-
ren of Oaklawn spent Monday
with Mrs. Hicks and daughters.

Lee Allen Fanslow of Chicago
spent his Easter vacation with
his grandfather, Benjamin
Frankenberg and Mr. and Mrs.

Womens Club will meet Thurs-
day April 25, at 7:30 p.m. at the
home of Mrs. Lucille Ricketts
on Front St. The first 45 min-
utes of the evening will be de-
voted to a discussion by the
Mokena precinct committeeman
on "Politics at the precinct
level." Following the discus-
sion will be a benefit card and
bunco party. Each member is
requested to bring a wrapped
white elephant gift for exchange.
There will be a door prize and
table prizes. Refreshments
will be served.

day April 26 at 8 p.m. at the
school gym.

Mr. and Mrs. Harold Ullrich
and family, Miss Carol Ullrich,
Roger Ullrich, Mr. and Mrs.
Warren Anderson and family
and Mr. and Mrs. Ray Hoffman
were dinner guests of Mr. and
Mrs. Donald Hoffman in Peo-
tone, last Sunday.

Mr. and Mrs. Roger Ullrich
are the parents of a baby boy
born April 13 at Silver Cross
hospital. The baby weighed
8 lbs. 5 oz. at birth and was
named Randall Allen. Mrs.
Ullrich and her son arrived
home Monday and were greeted
by the Ullrich's two daughters.

HIA Forms New Health Foundation In Illinois

The formation of a special Health Improvement Foundation ...has been announced by W. Henderson May, executive director of the Illinois Health Improvement Association. The newly created foundation marks another step forward, May explains, in the work of the Illinois HIA, in its charitable and educational programs in the broad field of better health care.

"The objectives of the foundation," explained May, "are to advance study, research and development in the health improvement field. The over-all program of the group," he continued, "is contained in a four-point plan adopted by the voting delegates at the annual meeting...and its stated purposes are: (1) to develop and produce material, in the form of brochures, for distribution to high school guidance counselors - to aid them in directing freshman and sophomore students in the health science fields; (2) to solicit and administer funds for health science scholarships to accredited universities throughout the state; (3) to secure and direct the distribution of monies as "loan funds" in all accredited Illinois universities; (4) to solicit and administer funds for a worthwhile research program in the field of health sciences."

In elaborating on the foundation's program, May pointed out that the contribution to a research program would be undertaken after funds were available in excess of the monies required for scholarships and loan funds.

The foundation committee has already met with faculty members who instruct in the health sciences at Southern Illinois university and at the University of Illinois in Champaign-Urbana. May claims that the program met with such great enthusiasm, that similar meetings are being planned at the other state universities.

Basically, the concept of the foundation grew out of the Illi-

nois HIA's initial venture into the education field...when they set up health education scholarship programs at the University of Illinois and Southern Illinois University in Carbondale. In the course of working with health officials and educators, Illinois HIA leaders became very aware of the need to enlarge the existing program, not only by means of additional health education scholarships, but also by initiating an improved program at the high school level - designed to attract graduating students to the health science fields.

The foundation was established as an "arm" of Illinois HIA and will be governed by its officers and directors. The officers will select a group of 15 persons...representing the specialized fields of finance, health, public information and education...to serve, without pay, as the foundation's advisory committee.

May emphasized the fact that, "like the Illinois HIA, the foundation will rely on the efforts and generosity of the people who made the entire better health movement of HIA the outstanding success it is. The work of the Illinois HIA - in providing hospital and medical care programs for rural and small town residents...of awarding nursing and health education scholarships to deserving students...of making loan funds available to health science students...and of conferring various 4-H Club awards - will continue to require the active, moral and financial support of our responsible citizens. But now, with the newly formed foundation... we must seek and will welcome more assistance and support," commented May. "However, we know that the extra effort will be repaid many times over when the results of the foundation's activities are felt in the years to come," he concluded.

HOMER NEWS

BY ELIZABETH ANDERSON

Iris Filipowicz, who was on a ten day tour with the choir of Calvary Bible College of Kansas City, sang in a Chicago church on Easter Sunday. Her parents, Mr. and Mrs. Chester Filipowicz, attended the church and brought their daughter home to spend the day with them. The choir visited and sang in several states.

Mr. and Mrs. Robert Shepherd, Sr. attended DuPage Presbyterian church on Easter Sunday and then were dinner guests of their son Arthur and family, who live in that vicinity.

Mrs. Earl Burnworth has returned home from a week's visit with relatives at Sidell.

Mrs. Ray Carlson and Lana were Chicago shoppers on Monday.

Several members of the Wayside Workers Circle of King's Daughters are planning to attend the tea at the Hannah Harwood Girls' club in Joliet on Tuesday, Apr. 30.

The Northwest Homer Fire Auxiliary held a very successful bake sale at the Pick-n-Save store over the Easter weekend and they wish to thank all who contributed in any way to its success.

Homer Fire Auxiliary are completing plans for their luncheon to be held at the Fire House on Cedar Rd, May 9 from 11:30 to 1 o'clock. Articles for the rummage sale to be held May 24 & 25 should be sent to Shady Oaks Camp on Parker Rd.

Each of the services at Homer church on Easter morning were very well attended: the two youth groups furnished the special music at the 9:30 service and the adult choir at 10:45 also a vocal trio from the adult choir, sang "At Break of Day." Wade Daniel Norris, infant son of Mr. and Mrs. Dan Norris, received baptism.

Kenneth Cox, a student in Chicago, was an Easter guest in the home of the Stanley Cox's.

Approximately 100 people attended the meeting sponsored by the Homer church club at 33-C, Thursday evening for the purpose of discussing the personal tax situation and its effect on schools.

Eugene Malone from the County Farm Bureau office, gave figures showing a deficit of over 2 1/2 million dollars in unpaid personal taxes in Will County, with Homer sharing in the delinquency. Since a big proportion of this amount is spent on schools, the collection of this money would

STUDENT NURSES at St. Joseph hospital, Joliet, participating in program calculated to promote better understanding of mother and child care spend some time at the Joliet public library among other places in pursuing their studies. With the group here is Miss Shirley Colver (in black) of the library staff. The students (l to r) are: (standing) Barbara Vogrin, Mary Lou Sukley, Bonny Stapp, Barbara Scolari; (seated) Jane Gimpel, Kathleen McDonald and Donna McCallum, the latter a resident of New Lenox.

plainly help solve school problems, and also lower the tax rate; whether or not this is a good law, it seems very unfair for only part of the people to pay, while others benefit from the schools without paying their share.

Mrs. Owen Doyle presided at the club's business session. Routine reports were heard and the nominating committee reported these names to be voted on at the May meeting, for next year's officers: pres. - Mrs. Charles Jungles; vice-pres. - Mrs. Loren Sass; sec'y. - Mrs. Virginia Jungles; and treasurer Mrs. Doris Erdmann.

Second grade mothers were hostesses for the evening.

The nominating committee also recommended that officers serve only one year, and that the newly elected vice-president become president next year.

"Fun-nite" was announced to be held Saturday, Apr. 27, from 5 to 9 p.m. Plans are being made for a Country Store, a sugar-Plum tree and a Fish Bone, a cake walk, White Elephant sale, Spook House and Fortune Telling, also dancing. Food will be available, and

games will fill in the time. The Wayside Workers Circle of King's Daughters will meet at Homer church on

Thursday, May 2, at one o'clock. Mrs. Robert Shepherd, Sr. and Mrs. Robert Burch will be the hostesses. There will be a plant and food sale.

ORDINANCE NO. 456
AN ORDINANCE DEFINING AND PROHIBITING THE CREATION AND MAINTENANCE OF NUISANCES IN THE VILLAGE OF MOKENA, ILLINOIS.

SECTION 1. NUISANCE EN-
UMERATION - It is hereby de-
clared to be a nuisance for any
person within the limits of said
Village to engage in, create,
cause, allow to exist, encour-
age, cause or help to cause any
of the following; all of which are
hereby defined as nuisances:

a. OFFENSIVE SMELLS -
To so negligently conduct any
business or use any premises
as to create such an offensive
smell as may taint the air and
render it unwholesome or dis-
agreeable in the neighborhood;
b. CARCASS NOT TO RE-
MAIN - To cause or suffer the
carcass of any animal or vege-
table matter, slops, swill, suds,
garbage, filth, stable droppings
or offal; or noisome substance
of any kind, to be collected or
deposited or to remain in any
place in said Village to the prej-
udice of others;

c. THROWING OFFAL IN
WATERCOURSE - To throw or
deposit, or cause to be thrown
or deposited, any offal or other
offensive matter, or the car-
cass of any animal, in any
watercourse, pond, spring, or
well, within the limits of the
Village of Mokena;
d. NIGHT SOIL - To deposit
any night soil, dead animal or
other filthy offensive or noi-
some substance, upon any lot,
street, alley, highway, park or
other place;

e. CORRUPTING DRINKING
WATER - To corrupt or render
unwholesome or injure the
water of any drinking hydrant,
spring, stream, pond or lake to
the injury and prejudice of oth-
ers;

f. SUFFERING GRASS,
LEAVES, ETC. TO ACCUMU-
LATE - To cause or suffer
grass, leaves, underbrush or
other combustible matter to be
collected, deposited or to
remain on his premises in such
quantities and in such condition
as to materially increase the
danger to property of others
from forest or other fires;

g. OBSTRUCTING HIGH-
WAYS - To obstruct or en-
croach upon public highways,
private ways, streets, alleys
and commons;

h. MAINTAINING UN-
WHOLESOME BUSINESS - To
establish, maintain and carry
on any offensive or unwhole-
some business within the limits
of the Village of Mokena, or
within one mile of the limits
thereof;

i. PERMITTING SLOPS TO
REMAIN ON PREMISES - For
any person to permit any slops,
swill, garbage, stable dropp-
ings, offal, filth, refuse, animal
or vegetable matter, which is
liable to become putrid or

offensive or injurious to health,
to remain on any premises used
or occupied by him, for a long-
er period than twelve (12) hours
at a time;

j. KEEPING PREMISES IN
FILTHY CONDITION - To keep
or suffer to be kept in a foul,
offensive, nauseous or filthy
condition, any chicken coop,
cow house, stable, cellar, vault,
drain, sewer or sink upon any
premises belonging to or occu-
pied by him, or any railroad
car, building, yard, grounds
and premises belong to or oc-
cupied by him;

k. OFFENSIVE ANIMAL
PENS - To own, use or keep
any yard, pen, place railroad
car or premises in or upon
which cattle or other animal
shall be confined or kept, so
as to be offensive to those
residing in the vicinity, or any
annoyance to others;

l. PACKING HOUSES, ETC.,
- To locate and carry on any
packing house, renderies, tal-
low candletries, glue and bone
factories, soap factories, and
tanneries, within the limits of
the Village, and within the dis-
tance of one mile outside the
Village limits;

m. USING BUILDING FOR
OFFENSIVE BUSINESS - To
erect, continue or use any build-
ing, or other place, for the ex-
ercise of any trade, employment
or manufacture which, by oc-
casion of noxious exhalations,
offensive smells, or otherwise,
is offensive or dangerous to the
health of individuals or of the
public;

n. HOUSE, CAR OR TRAIL-
ERS PROHIBITED - To use,
operate, or maintain any house,
car, or trailer for human habi-
tation upon any lot or plot of
ground within the limits of the
Village of Mokena except in a
duly licensed trailer camp;

o. SLAUGHTERING - To
slaughter or kill any cattle,
hogs or sheep, or keep, main-
tain or use in said Village any
house or place in which the
business of slaughtering any of
said animals may be carried on;

p. WATERCOURSE - To ob-
struct any watercourse, ravine
or gutter so as to cause water
to stagnate therein, or to permit
foul or stagnant water to stand
upon any premises to the prej-
udice of others;

q. GROWTH AND NOXIOUS
WEEDS - To permit the growth
upon any premises of any nox-
ious weeds, such as jimson,
burdock, ragweed, thistles,
cockleburrs, and the like weeds;

r. SPITTING - To spit or
expectorate on any public side-
walk, street or other public
place or floor of walk of any
public vehicle or hall or other
public building;

s. COMMON LAW - To com-
mit any offense which is a nu-
isance according to the common
law of the land, or made such
by the statutes of the State;

t. TREES - To permit the
growth upon any premises of
any poplar or cottonwood trees
as hereinafter defined: a popu-
lar tree is hereby defined as
any of a genus of slender quick-
growing salicaceous trees also
known as populus; a cottonwood
tree is hereby defined as a tree

of the poplar group with a cot-
tony comma investing the
seeds, also known as populus
balsamifera;

u. SMOKE - To allow or
permit any dense smoke to come
or be emitted from any fire,
chimney, engine, oil burner or
other agency within the limits
of said Village, shall be and is
hereby declared to be a nuisance
and may be summarily abated
by the President or Police Com-
mittee, or by any one whom
they or either of them may auth-
orize for such purpose. Such
abatement may be in addition to
the fine provided for violation of
this section;

v. BUILDING - To conduct
any building operations between
the hours of ten o'clock in the
evening and six o'clock in the
morning, to operate any steam
shovels, pneumatic hammers,
steam or electric hoists or other
apparatus, the use of which
is attended with loud or un-
usual noise, in any block in
the buildings on either side of the
street are used exclusively for
residence purposes;

w. RECREATION BUILDING
- No person owning or in pos-
session, charge or control of
any building or premises shall
use the same, or permit the use
of the same, or rent the same
to be used for any business or
employment, or for any purpose
of pleasure or recreation, if
such use shall, from its noise
or boisterous nature, disturb or
destroy the peace of the neigh-
borhood in which such building
or premises are situated or be
dangerous or detrimental to
health, and such use is hereby
declared a nuisance;

x. WATER IN PONDS - The
allowing of water to accumu-
late and remain in a pond or
ponds either wholly or partly
within the limits of any pri-
vate property for a period of
more than ten (10) consecutive
days, is hereby defined and de-
clared to be a nuisance and shall
be abated as such and for the
purpose of this ordinance the
term "Pond" shall be consid-
ered to mean any exposed sur-
face of water not less than one
hundred (100) square feet in
area which has accumulated
either by natural or artificial
means, in any depression or
connected series of depressions
of excavation, whether existing
naturally or created artificial-
ly;

y. UNSIGHTLY YARD - To
permit or maintain an unsight-
ly yard or premise where there
is an accumulation or deposit
of any vehicle, equipment, ma-
terial of any nature, waste, or
earth; to maintain an unsight-
ly yard or area where junk, wreck-
ed or disabled automobile,
trucks, or equipment, or other
such matter is allowed to ac-
cumulate;

z. VIOLATIONS OF ORDIN-
ANCE - Any violation of the
Building Code, or Zoning Ord-
inance or the condition of any
premise declared by the Pres-
ident of the Village to be a nu-
isance.

SECTION 2. STREET SALES -
The custom among merchants
dealing in ice cream, ices, soda
waters and other soft drinks
of delivering at the curb, in the
street, or upon the sidewalks or
roadways, their merchan-
dise in paper cups, cartons,
plates, or other containers, has

become a nuisance and a men-
ace to pedestrians and persons
traveling on the roadway by rea-
son of the depositing of such
cups, cartons, plates, or other
containers on the sidewalks and
streets, and the delivery of such
commodities in containers upon
the public streets anywhere is
hereby declared to be a nu-
isance and a menace and no per-
son, firm or corporation deal-
ing at retail in ice creams, soda
waters and other soft drinks or
merchandise of like character
shall deliver the same upon the
streets, sidewalks, alleys, or
other public ways of this Vil-
lage.

SECTION 3. DEALERS AND
SELLERS - The sale or dis-
position by any person, firm
or corporation of food, bever-
age, dairy products, ice cream
or any of its kindred products,
in paper, cardboard or other
container, known by such per-
son, firm or corporation to be
intended to be consumed by the
buyer on the sidewalks, alleys,
or at or near the place of busi-
ness where such food or bever-
ages are sold, or dispensed,
is hereby declared to be a nu-
isance and a danger to the health
and sanitation of the community,
and no such dealer shall deliver
any such goods to a person
known to be a runner or per-
son employed to carry such
goods from the place of busi-
ness to persons on the side-
walk, curb or street, and no
such runner shall deliver any
such merchandise on the
streets, sidewalks or alleys
of the Village.

SECTION 4. LITTER - No
person shall throw, or drop
such cup, plate, trash, paper,
waste, refuse, garbage, litter,
or container upon private or
public sidewalk, cross walk,
roadway, property or any part
of any public street or alley
and such act is hereby declar-
ed to be a nuisance and unlaw-
ful.

SECTION 5. PENALTY -
Any dealer in ice cream, ices,
soda water or other soft drinks
or merchandise of like char-
acter who shall violate any of
the provisions of Sections two
and three (2 and 3) of this
Ordinance shall upon convic-
tion be fined not less than
Five Dollars (\$5.00) nor more
than Two Hundred Dollars
(\$200.00) and shall be subject
upon a second offense to have
his license as such dealer re-
voked by the President, and
any person throwing or drop-
ping such cup, plate or contain-
er on the street, thus violating
Sections 2, 3 and 4 of this
Ordinance, shall be subject to
a fine of not less than Five
Dollars (\$5.00) nor more than
Two Hundred Dollars (\$200.00),
any person acting as such run-
ner is herein prohibited, shall
be subject to a like fine upon
conviction.

SECTION 6. PENALTY FOR
VIOLATION OF ORDINANCE
ON NUISANCE - Whoever
violates any clause, section or
provision of this Ordinance
shall be fined not less than Two
Dollars (\$2.00) nor more than
Two Hundred Dollars (\$200.00),
and if the offender shall fail to
abate such nuisance, then, and
in such case, any offender shall
be held to a penalty of not less
than Two Dollars (\$2.00) nor
more than Two Hundred Dol-
lars (\$200.00) for each and

every day such nuisance shall
remain in existence after no-
tice to abate same.

SECTION 7. PRESIDENT
MAY ABATE NUISANCE -
Whenever any nuisance exists or
shall be found on any premises
within the Village whether such
nuisance is one specifically
recognized by ordinance or not,
the President of the Village is
hereby authorized, in his dis-
cretion, to cause the same to
be summarily abated in such
manner as he may direct, and
at the expense of the party per-
mitting or maintaining said
nuisance.

SECTION 8. PUBLICATION -
This Ordinance shall be pub-
lished by the Village Clerk as
required by law; and this Ord-
inance shall take effect and be
in full force ten (10) days after
publication.

SECTION 9. CONFLICTING
ORDINANCES - All Ordinances
or parts of Ordinances in con-
flict herewith or any section
hereof are hereby repealed.

SECTION 10. INVALIDITY -
If any provision or clause of
this Ordinance or application,
thereof to any person or cir-
cumstances is held invalid, such
invalidity shall not affect other
provisions or applications of
this Ordinance which can be
given effect without the invalid
provision or application, and to
this end the provisions of this
Ordinance are declared to be
severable.

PASSED This 19th day of April,
1963.

Tinley Park Woman Dies; Rites Monday

Mrs. Irene Bettenhausen, late
of 80th ave. and 171st street,
Tinley Park, died Friday, April
19, at her home. Funeral ser-
vices were conducted Monday
from the Hirsch Memorial
chapel to Zion Lutheran church
at 2 o'clock. Burial was in
the First Lutheran cemetery at
Blue Island.

Mrs. Bettenhausen was born
in Frankfort township and
had resided in the area all her
life. Besides her husband, Ar-
thur G., Mrs. Bettenhausen is
survived by three sons, Lloyd,
of Monee; Earl and Thomas,
both of Tinley; three daughters,
Mrs. Lois Mather, Frankfort;
Beverly and Lynne, both of Tin-
ley; two sisters, Mrs. Amanda
Schmidt and Mrs. Esther And-
res; one brother, Edward Wan-
nemacher, all of Tinley, and six
grandchildren.

FRANKFORT, ILL.

Randex

the easy way
to solve weed problems
in corn and soybeans

This year, solve your weed problems the easy way.
Use Randex, the pre-emergent weed control that
kills grassy annuals as they sprout. Spring rains
and wet fields won't delay cultivation. You elimi-
nate that first mechanical cultivation. You also
kill those in-row weeds that mechanical cultivators
can't touch.

Randex granules seem more popular. Seems the
fellows around here think Randex granular is easi-
er to handle and fits equipment they already have.
If spraying is your choice, we stock Randex liquid.

For control of grassy weeds like foxtail, crabgrass
and barnyard grass in your corn
and soybeans, it's Randex. Come
in for a cost estimate on your fields.

LINCOLN-WAY SENIORS recently named as recipients of Illinois state scholarships are, left to right, (first row): Ron Sylvester, Sundra Gregory, Juanita Hanson, Nancy Beedle; (second row): Norma Smith, Carol Wilson, Betty Mitchell, Dan Gast and Mary Knapp. (Lincoln-Way photo)

L-W Wins Sweepstakes In Class 'A' Music Contest

For the second straight year, the Lincoln-Way music department topped all Class "A" schools to win the coveted "Sweepstakes" award.

To do this, the band and choral soloists and ensembles compiled a total of 147 points in the solo and ensemble contest held last March 16 at Homewood-Flossmoor high school, and added 56 points last Saturday, April 20, at Joliet township high by winning "superior" ratings with all four organizations, band, mixed chorus, girls' chorus, and boys' chorus.

The total of 203 Sweepstakes points was over 100 more than that compiled by West Aurora, the second place winner.

The Lincoln-Way staff includes Robert C. Taylor, head of the music department and band director, Tom D. Olson, director of the boys' chorus and mixed chorus, and Larry Cullison, girls' chorus director.

Results of other Southwest Suburban Conference organizations entered last Saturday included Evergreen Park band with an excellent rating in class "A"; Carl Sandburg band a Superior, Oak Lawn Mixed Chorus an Excellent, and Oak

Mrs. Spiess Is New Welcome Wagon Hostess

Mrs. Gordon Spiess of 10845-First st., Mokena, is the new welcome wagon hostess for Mokena and Arbury Hills, Ardele and her family have lived in Mokena nine years. Mr. Spiess works for the Will county highway dept. They have three children, Nancy 5, Jerry, 11, and Greg, 14 years old. Jerry attends Willow Crest school and Greg attends the Carpenter school.

Newcomers to Mokena and the Arbury Hills area will be called on by Mrs. Spiess on behalf of local business establishments.

Plan Horse And Pony Sale At 4-H Field

There is to be a horse and pony sale at the Francis 4-H field on May 25, it has been announced by William Mancke and Norman Strassenburg of Mokena.

The sale is scheduled to begin at 12:30. Strassenburg is to be the auctioneer.

Owners of horses or ponies who are prepared to offer them for sale can get in touch with Mancke or Strassenburg and obtain details of the conditions.

Kenneth Oetter Heads Frankfort School Board

The school board of Frankfort district 157-C met at 7:30 p.m. April 15 to canvass the votes cast in the school board election of April 13. Those elected for a three year term verified by the canvass were as follows: Lewis Ebert, Glenn Nissen, and Clifford Woodman.

Following the adjournment of the retiring board the new Board was called to order for the organizational meeting. Kenneth Oetter was duly elected president by unanimous vote.

Need New Village Hall, Mayor Tells Trustees

Need for a new village hall at Mokena was expressed by Mayor Charles Swanberg at a meeting of the village board last Friday night.

The mayor suggested that the board should discuss the subject in the near future, pointing out that the present quarters are too small and inconvenient.

The existing village hall, he pointed out, lacks washrooms but its big drawback is lack of room. When the village board is in session now there is little room around the edges of the room for any visitors. He suggested the improvement be made thru a bond issue to be voted on by the people.

There was no discussion of the proposal at Friday's meeting but it is likely the board will wait until its new members are seated before taking up the subject.

The new members of the village board, Hans Mueller, Gary Chase and Marvin Weitendorf, will be seated at the first Monday in May, May 6. The vote was canvassed at the special meeting last Friday and there were no changes from the unofficial figures.

One thing the board did last week was to go on record as wholeheartedly in favor of the grade school building program and assure School Supt. James Ennis of its support in the bond referendum of May 11.

Trustee Will Tuttle is to present a written estimate to the board of the cost of elevating the civil defense and fire siren to the top of the water tower. It is about 15 feet lower than that now and board members get complaints from citizens that they can't hear the thing, especially those living at the east end of town. The sound is supposed to carry miles and miles, it was said, but it can't be heard in Arbury Hills, people there say.

An ordinance was adopted by the board covering a special tax to defray cost of reconstruction of sidewalks along Front st. at new grades. The measure is to become effective 30 days after publication. Also adopted was an ordinance directed against defined nuisances. A provision against burning leaves, paper, wood or other materials after dark in a residential neighborhood.

Trustee Henry Shevlin reported there were several unsightly lots in the city that could be classified as nuisances and urged that they be cleaned up.

Location of stop signs at various points to give pedestrians, especially children, better protection has been commended by various citizens. The village board is dissatisfied, however, with the quality of the signs. Eighteen are defective, it was reported Friday--the paint peels.

The mayor reported that bonding houses say the village can now use up to \$50,000 of its sewer and water revenues for extension of water mains.

Mrs. David Bergman has been hired to serve as village secretary and transcribe the minutes of all board meetings. There were three applications for the post. Mrs. Bergman was chosen because of her secretarial experience.

Mrs. Margaret Thiel complained to the board that the alley between Carpenter and Third streets is impassable--blocked with trees.

Award Scout Badges At Recognition Night Rites

Recognition night was observed last night (April 24) by Boy Scout Troop No. 40, of Mokena with ceremonies that followed a potluck dinner served in St. John's church basement. Some 150 persons, including friends and parents of the boys.

The new troop charter was presented to Wayne Ryder, president of the Mokena Chamber of Commerce, sponsor of the troop. The presentation was made by Fred File, assistant district commissioner. Mr. Ryder, in behalf of the Chamber of Commerce, gave the troop a 50-star American flag. Kenneth Cornells, senior patrol leader, accepted the flag for the troop.

Mayor Charles Swanberg was the speaker. How the scouts could help the community and the community help the scouts was his theme.

Mr. and Mrs. Walter Welsch were guests of honor and a plaque was given Mr. Welsch in appreciation for his interest in, and services to, the youth of the community.

Certificates of appointment and green bars of rank as junior officers were presented by Gordon Spiess, chairman of the troop committee, these completing a green bar course: Kenneth Cornells, senior patrol leader; George Gorman, Larry Sorensen and William Wilson, assistant senior patrol leaders; Daniel Jones, Paul Carlisle, James Konecny and Ted Osuch, patrol leaders, and Paul Schuck, scribe.

Scouts receiving green bars -- John Sluis, Douglas Pels and Timothy Rogal.

In the distribution of badge George Gorman, who has earned five merit badges, was made a First Class scout and then a Star scout, a much sought honor.

Other badges given: Tenderfoot--John P. Sluis, William H. Zugenbuehler, Jeff Puro, Larry Hausser and Mark Niedringhaus.

Second class--Paul Schuck, Jim Burkhardt, Larry Sorensen, Greg Spiess, Charles Bills, David Bills, Robert Bills, Ted Osuch, Tim Rogal, Martin Stanesz, William Wilson, Duane J. Knize, Jr., John Papilek and John Sellers.

Need New Village Hall, Mayor Tells Trustees

Need for a new village hall at Mokena was expressed by Mayor Charles Swanberg at a meeting of the village board last Friday night.

The mayor suggested that the board should discuss the subject in the near future, pointing out that the present quarters are too small and inconvenient.

The existing village hall, he pointed out, lacks washrooms but its big drawback is lack of room. When the village board is in session now there is little room around the edges of the room for any visitors. He suggested the improvement be made thru a bond issue to be voted on by the people.

Mrs. Margaret Thiel complained to the board that the alley between Carpenter and Third streets is impassable--blocked with trees.

Selma Jensen, Of New Lenox, Dies At 84

Mrs. Selma Jensen, widow of Julius Jensen, age 84, of 1112 N. Vine st., New Lenox, died at Silver Cross hospital Monday (April 22). She is survived by two nieces and five nephews.

Funeral services were held yesterday (April 24) at 2 p.m. at the Baskerville chapel, Lincoln highway and Roberts st., New Lenox. The Rev. Leonard Reinke officiated. Interment was in Hills of Rest cemetery, Joliet.

Mrs. Jensen was born in Sweden, and came to the U.S. in 1902. She lived in Chicago for many years, then moved to New Lenox in 1933. She was preceded in death by her husband Julius in 1960.

Mrs. Jensen had been a patient at Silver Cross hospital for two weeks prior to her death. She was a member of the Trinity Evangelical church.

Homemakers Entertained

Mrs. Fred Piepenbrink entertained the Frankfort-Mokena Homemakers extension unit in her home last Tuesday afternoon with 13 members answering the roll call which was "Exchange of bulbs or flower slips."

The major lesson, "Cook today - serve tomorrow" was given by Mrs. Ray Westlund and Mrs. Piepenbrink.

A report was given by the nominating committee that all officers duly accepted to keep their offices another year.

A discussion was held about the one day tour which the Will County homemakers extension association is planning for all members, Friday, May 17, when they will charter buses and visit the Amish settlement in Arthur, Ill.

The next meeting will be held in the home of Mrs. George Smego, Tuesday, May 21.

Invite Public To Hear MPATI TV Programs

Two 25-minute special telecasts explaining the mid-west program for air-borne television instruction will be given at Frankfort Elementary school on tonight, April 25.

Presentation A: To begin at 8 o'clock. "MPATI in Our Schools". A panel of MPATI board of directors will discuss the impact of MPATI in their school systems.

Presentation B: To begin at 8:30 will review the origin and purpose of the airborne instructional system.

The public is invited to attend one or both of these telecasts. "Come and be better informed on this development in our educational program," suggested Supt. Leroy Wright.

Salvation Army To Sell "Doughnuts" On June 7

The Salvation Army has been given official permission to hold its annual tag day, "Doughnut Day," in Orland Park on Friday, June 7.

Orland Park will be one of approximately 150 suburban communities in Cook, DuPage, Kane, Lake, McHenry, Will and Lake (Indiana) counties that will celebrate the silver anniversary of "Doughnut Day" simultaneously with Chicago.

On "Doughnut Day," residents of Orland Park working as volunteer taggers will "sell" the little doughnut-shaped paper tags that have become familiar symbols of The Salvation Army's help for the unfortunate.

In Orland Park, as in other communities where Salvation Army Service Units are organized, 20 per cent of the funds raised in the local "Doughnut Day" drive will remain in the community. These funds will be used to meet local emergencies, and to finance unduplicated programs of welfare service or health care. The local service unit, comprised of representative residents acting on behalf of The Salvation Army, decides how the funds will be used to assist needy individuals or families in the community.

The other 80 per cent of the "Doughnut Day" contributions will help support the social welfare services maintained by The Salvation Army for the needy in the greater Chicago area.

These services include a home and hospital for unwed mothers, a summer camp, family welfare service, a dental clinic, a homemaker service, help for homeless men, a day nursery, visits with patients in hospitals and nursing homes, recreation and character building programs for young people, emergency canteen services at fires and other disasters, an emergency lodge for women, children and families, and many other services.

Individuals, teams of friends and clubs are invited to serve as volunteer taggers on "Doughnut Day."

This year's "Doughnut Day" goal is \$190,000, with \$65,000 of that total to be raised in the suburban area.

Need New Village Hall, Mayor Tells Trustees

Need for a new village hall at Mokena was expressed by Mayor Charles Swanberg at a meeting of the village board last Friday night.

The mayor suggested that the board should discuss the subject in the near future, pointing out that the present quarters are too small and inconvenient.

The existing village hall, he pointed out, lacks washrooms but its big drawback is lack of room. When the village board is in session now there is little room around the edges of the room for any visitors. He suggested the improvement be made thru a bond issue to be voted on by the people.

There was no discussion of the proposal at Friday's meeting but it is likely the board will wait until its new members are seated before taking up the subject.

The new members of the village board, Hans Mueller, Gary Chase and Marvin Weitendorf, will be seated at the first Monday in May, May 6. The vote was canvassed at the special meeting last Friday and there were no changes from the unofficial figures.

One thing the board did last week was to go on record as wholeheartedly in favor of the grade school building program and assure School Supt. James Ennis of its support in the bond referendum of May 11.

Trustee Will Tuttle is to present a written estimate to the board of the cost of elevating the civil defense and fire siren to the top of the water tower. It is about 15 feet lower than that now and board members get complaints from citizens that they can't hear the thing, especially those living at the east end of town. The sound is supposed to carry miles and miles, it was said, but it can't be heard in Arbury Hills, people there say.

An ordinance was adopted by the board covering a special tax to defray cost of reconstruction of sidewalks along Front st. at new grades. The measure is to become effective 30 days after publication. Also adopted was an ordinance directed against defined nuisances. A provision against burning leaves, paper, wood or other materials after dark in a residential neighborhood.

Trustee Henry Shevlin reported there were several unsightly lots in the city that could be classified as nuisances and urged that they be cleaned up.

Location of stop signs at various points to give pedestrians, especially children, better protection has been commended by various citizens. The village board is dissatisfied, however, with the quality of the signs. Eighteen are defective, it was reported Friday--the paint peels.

The mayor reported that bonding houses say the village can now use up to \$50,000 of its sewer and water revenues for extension of water mains.

Mrs. David Bergman has been hired to serve as village secretary and transcribe the minutes of all board meetings. There were three applications for the post. Mrs. Bergman was chosen because of her secretarial experience.

Mrs. Margaret Thiel complained to the board that the alley between Carpenter and Third streets is impass

WILLIAM F. WHITESIDE
COOK COUNTY FARM
ADVISER

TINLEY PARK - 532-4369

If you have been having trouble killing those weeds in the corn-row by cultivating, you'll find that pre-emergence herbicides will help, particularly when annual grasses are a problem. At the present time, Atrazine, Randox, Randox-T, and 2,4-D rate as the best pre-emergence herbicides for corn.

Pre-emergence herbicides will also help to control grasses and weeds in soybeans. They help most by killing early starting weeds and thereby aid the soybeans in getting a running start. Recommended herbicides for soybeans are: Amiben, Randox, Alanap, and Sodium ACP. To do their best job, all these herbicides need sufficient rainfall, and when wet weather delays cultivation, they offer real "insurance".

Most Illinois farmers have a traffic problem, but it's not in town or even in the farmyard, but it's right out on the land. Bigger and bigger tractors power heavy equipment across the fields, causing greater pressures and often severely compacting the soil below. The worst offenders are heavily loaded vehicles, such as fertilizer and lime trucks, not designed to operate over farm

land. Their small wheels concentrate pressures in a small area, often producing deep compaction. Therefore, we think it wise for farmers in this area to give consideration to one of the various systems of minimum tillage which are available to them in reducing soil compaction. The less compaction, the better your crops will grow.

If you have seen those diamond shaped green and white signs saying, "Tree Farm" while driving down the highway, you may have wondered what they mean. The University of Illinois Forester says they show that the owner is managing his woodlands in the best interest of the community and the country.

Records show that more than five million people are injured in home accidents annually, and almost twenty percent happen in the kitchen. Please be careful, ladies!

J.D. Butler, turf specialist at the University of Illinois, suggests cutting Kentucky bluegrass lawns often enough to remove no more than one inch of grass at a time. This is probably not a popular concept to promote among homeowners, because this would mean mowing your lawn at least twice a week when it is growing rapidly. However, if the grass is allowed to grow too tall before clipping, the lower part becomes bleached, and unsightly. Cutting too short will reduce the vigor of the lawn.

"Planting by the Moon" may be a favorite topic of conversation among Illinois gardeners, but knowing a few simple correct planting techniques will probably pay bigger dividends. If you are interested, contact my office for the latest edition of the Illinois Vegetable Garden Guide, Circular 816.

If you are planning to plant a shrub or two this spring, you will eliminate a lot of labor later on if you select plants with the correct form and mature size right now. It will take this plant a little longer to grow into the pleasing proportion that you desire immediately, but it will serve you much longer. If you need to prune some of your shrubs, remember the following rule of thumb: prune summer flowering shrubs and small trees when they are dormant in the early spring;

Jazz Lab Concert Set For Sunday Afternoon

Three bands from the Beverly-Palos Jazz Lab will give a concert on Sunday, April 28 at 3:00 p.m., at the Dorchester club, Dolton, under the direction of Niel Dunlap, well-known brass instructor and organizer of this unique group of teen-age musicians.

For almost five years, young musicians - some in grade school - have gained skill in music interpretation from jazz lab rehearsals, where they sight-read band arrangements, improvise jazz solos, and generally find themselves in situations they might face as future professionals. Since most high school still do not include jazz as extra-curricular activity for their music students, Dunlap provides the know-how and inspiration for this type of expression.

"Today many jazz performers and composers are conservatory graduates and in order to play modern jazz, a musician must read and understand complicated music" according to Dunlap. Professional musicians and composers lend their time and talents to "sit in" and

help with rhythms and harmony. The original band has mushroomed so rapidly that the band had to be divided into senior, high school, and junior jazz labs.

For the past several years, this non-profit group has been much in demand for concerts at high schools, since the majority of its members are in that age bracket and furnishes incentive to their music students. They have performed at Northwestern university and in the recent stage band competition and are rated as one of the finest young music groups in the southwestern Chicago area.

Four of the jazz lab members from the Palos-Orland area are Rob Nebe, Palos Park, plays trumpet in the junior group; Albert Loeb, Orland Park, plays saxophone in the high school group; and Ron Kotik, Palos Heights, pianist and Ian Lilly, Palos Park, lead trombone in the senior group. With the exception of Rob Nebe who participates in the Cardinal band of the District 118 school, the other three are members of the Carl Sandburg Concert Band.

St. Francis Hospital To Have Child Care Course

Newcomers to motherhood may want more information about this great moment in their lives than their busy physician is able to supply.

A Red Cross course in Mother and Baby Care can offer them this opportunity. Such a class will begin Tuesday, May 7 at St. Francis Hospital, 12948 S. Gregory, Blue Island. The six-week course will be held from 7:30 to 9:30 p.m. under the direction of volunteer instructor Mrs. Betty Boer, R.N., at St. Francis.

Purpose of the class is to instruct both husbands and wives in the care of mother and child from the start of pregnancy through the child's first year. The instructor explains the baby's progress from conception through birth; the need for periodic medical examinations for mother and baby; the question of budgeting time and money; and demonstrates to the prospective parents how to hold the baby while bathing, prune spring flowering shrubs as soon as they have finished flowering.

The referendum on wheat will be held May 21st. This is an important referendum. I would encourage wheat producers to get all the facts about the two alternatives offered in the referendum, make up their minds, and be sure to vote. If you have questions about the alternatives offered in the referendum, please contact my office. We will be glad to help you understand the issues involved. How you vote, is your decision.

feeding or carrying him.

Couples interested in taking advantage of this course may register by calling St. Francis Hospital, FU 5-7300, Ext. 243.

All instruction is provided free, but a fee of \$1.05 is charged for the textbook and literature each couple receives.

OPEN SUPER MART--Wednesday, April 24 Wally's Super Market opened for business at Western Avenue and Rt. 30 in Chicago Heights. The new store will feature 8 check-out lanes for speedy service, and a complete bakery department. Owner Wally Davis also has Super Markets in Blue Island, Harvey and Joliet.

Irene C. Bettenhausen Dies After Brief Illness

Irene C. Bettenhausen, wife of Arthur Bettenhausen, 80th ave. and 171st st., Tinley Park, died Friday, April 19, at her home after a brief illness.

Mrs. Bettenhausen was born, Aug. 2, 1907 in Frankfort, Township and had spent her entire life in this area.

Services were held at 2 p.m., Monday, April 22 at the Zion Lutheran church, Tinley Park, with the Rev. T. E. Schroeder officiating. Interment is in First Lutheran cemetery, Blue Island. Hirsch Memorial chapel, Tinley Park was in charge of arrangements.

Surviving besides her husband Arthur, are three daughters, Mrs. Lois Mather, Frankfort; Miss Beverly Bettenhausen and Miss Lynne Bettenhausen, Tin-

ley Park; three sons, Lloyd, Monee; Earle, and Thomas, Tinley Park.

Also surviving are two sisters, Mrs. Amanda Schultz and Mrs. Esther Andres, Tinley Park; one brother, Edward Wannenmacher, Tinley Park; and six grandchildren.

WHITE EAGLE

Chief White Eagle To Be At Camp Benefit Powwow

Chief White Eagle, of the Iroquois nation and a television star of WTTW, will head the many special attractions to be presented by the Community Center Foundation at its camp benefit festival, Saturday, May 11. The festival will be held from 11 a.m. to 5 p.m. on the Foundation grounds, 127th street and Southwest Highway, Palos Park.

John R. Brathovde, 2756 Cir-

cle Drive, Markham, is chairman of the festival committee.

Chief White Eagle will hold court all day for both adults and children. He will give demonstrations of the Indian sign languages, tell Indian legends, and demonstrate tribal dances.

Other attractions of the festival will include both pony and tractor rides, showings of old silent comedy films, starring W.C. Fields, Ben Turpin, Harold Lloyd and others, and a variety of prize booths where juvenile skills may be displayed in fishing, gold mining and rope climbing.

No admission is charged to the festival, although ten-cent tickets will be sold for the various features, including soft drinks, hot dogs and candy. A bake sale and white elephant booth are planned for adult interest.

All proceeds from the festival will go to the Community Center Foundation camp, enabling many boys and girls to attend the summer camp sponsored by the Foundation and now in its 25th year. The camp is one of a wide range of Foundation activities; part of an informal fellowship established by the Rev. Paul T. Sanders more than 30 years ago in the Palos hills to serve, "As a house by the side of the road and be a friend to all mankind."
